AIRPORT IDENTIFICATION DISPLAY AND CHALLENGE RESPONSIBILITIES

The Transportation Security Administration approved security program for Seattle-Tacoma International Airport requires that each person issued a restricted area identification badge be made aware of his or her responsibilities regarding the privilege of access to restricted areas of the Airport.

All persons within a restricted and/or secured area of the airport are required to continuously display, on the outermost garment above the waist level, an identification badge approved or issued by the Port of Seattle. Each employee who has been issued a Port of Seattle restricted and/or secured area identification badge is responsible for challenging any individual who is not properly displaying an airport-issued or airport approved badge. Any person who is not properly displaying or who cannot produce a valid airport-issued or airport approved identification badge must be immediately referred to the Port of Seattle Police or Airport Operations for proper handling.

Call Port of Seattle Police: 911 or (206) 433-5401.
