## 2008 STATUTORY BUDGET

### **A. INTRODUCTION**

The "statutory" budget as defined in RCW 53.35.010 is to portray "the estimated expenditures and the anticipated available funds from which all expenditures are to be paid." As a cash budget, the Statutory Budget establishes the need for the tax levy and sets upper limits on expenditures, and is not used as an operating budget. The function of controlling and managing the operations of the Port is accomplished with the Operating Budget, which is provided in Sections V through VIII.

The Preliminary 2008 Statutory Budget was provided to the Port Commissioners and made available to the general public as required by law (RCW 53.35.010 and RCW 53.35.045). Notice of the Public Hearing, with an announcement that copies of the preliminary budget were available for distribution to any interested persons, was published on November 5, 2007, and November 12, 2007, in the DAILY JOURNAL OF COMMERCE, as required by law (RCW 53.35.020 and RCW 53.35.045). The final statutory budget will be filed with the King County Council on November 30, 2007, as allowed by RCW 53.35.045. The intent for filing on this date is primarily to enable us to obtain public input and certified assessed valuations from the King County Assessor prior to filing the final budget.

Note: For Final Budget, the certified assessed valuation figure in sections B and D has been updated to reflect the final valuation provided by King County. The figure in section C, the actual budget resolution has not been updated.

### **B. STATUTORY BUDGET HIGHLIGHTS**

#### **1. Tax Levy**

For 2008, the tax levy amount is assumed to be \$75,899,369. The following is a comparison of the tax levy detail between 2007 and 2008:

For General Obligation Bonds	\$0.1199	\$40,434,296	\$0.1361	\$40,428,896
For General Purposes	0.1051	35,465,073	0.0956	28,384,961
Total levy	<u>\$0.2250</u>	<u>\$75,899,369</u>	<u>\$0.2317</u>	<u>\$68,813,857</u>

#### **2. Tax Levy Rate**

The tax levy rate is a product of dividing the tax levy dollars by the assessed valuation of personal and real properties within the Port District. Therefore, if assessed valuation increases at a greater amount than the dollars the Port would be allowed under the 101% lid law, the tax millage rate would go down even though the Port's levy dollars may have increased. The exact levy rate is determined by the County Assessor after all taxing agencies have requested their levy dollars, and the assessed valuation dollars are certified. The 2007 final assessed valuation is \$339,426,558,980 after omitted assessments, which are not included in the Port's levy calculation. (The 2007 assessed valuation is used for 2008 tax collection.) This is an increase from the 2006 assessed valuation, which was \$297,017,721,517 after omitted assessments. See Section IV, Tax Levy.

All years indicated above are the year the tax is payable

- Since 1991, the Port Commission has levied less than the maximum amount allowed by law. The calculation above shows the maximum allowable 2007 levy pursuant to RCW 84.55.092, which allows Port districts to "set the levy at the amount which would be allowed otherwise under" the chapter of State Law (RCW 84.55) which provides taxing authority.
- Any increase in value in state-assessed property is considered to be new construction value for purposes of calculating the respective limits. State-assessed property is property belonging to inter-county utility and transportation companies (telephone, railroad, airline companies and the like).
- An omitted assessment is property value that should have been included on a prior year's tax roll but will be included on the current (2007) tax roll. Omits are assessed and taxed at the rate in effect for the year omitted (RCW 84.40.080 - 84.40.085). Omitted assessments tax is deducted from the levy maximum before calculating the levy rate for current assessments and added back in as current year's receivable.
- Administrative refunds under RCW 84.69.020 were removed from the levy lid by the 1981 legislative session.
- District is entitled to the lesser of maximum levies determined by application of the limit under RCW 84.55 and the statutory rate limit. Levies may be subject to further proration if aggregate rate limits set in Article VII of the state constitution and in RCW 84.52.043 are exceeded.
- Assessed valuations shown are subject to change from error corrections and appeal board decisions recorded between the date of this worksheet and final levy rate determination.
