

**PORT OF SEATTLE
SEA-TAC INTERNATIONAL AIRPORT
APPLICATION FOR CONNECTION TO SANITARY WASTE SYSTEM**

PURPOSE

The purpose of the **'APPLICATION FOR CONNECTION'** document is to formalize the procedure for making connections to the existing sanitary waste system, assess the impacts of additional services/loads on the system, identify the point of connection, reserve the point of connection for the approved service/loads, establish and maintain configuration control of the system and plan for the long-term system development to meet the needs of Sea-Tac International Airport. By providing the information requested for each system included on the **'APPLICATION FOR CONNECTION'** form, Facilities & Infrastructure (F&I) can work with the project teams to achieve the most effective point of connection for the proposed service/load while maintaining system integrity. No connections to the sanitary waste system will be allowed without an approved application for connection form.

WHO'S TO FILE

The Port of Seattle Project Manager responsible for the project and proposed connection is responsible for obtaining the required information and the timely filing of the **'APPLICATION FOR CONNECTION'** forms with Facilities and Infrastructure at Sea-Tac International Airport.

WHEN TO FILE

The initial **'APPLICATION FOR CONNECTION'** form should be filed during project scoping and budgeting, but no later than at the 15% design package stage. Updated **'APPLICATION FOR CONNECTION'** forms should be resubmitted at the 30%, 60%, 90%, and 100% submittals along with the technical documents of the project for review. Mechanical Utilities System Team (MUST) presentations can be scheduled by going to the Committee Meetings website:

<http://collab.portseattle.org/sites/avficommittee/SitePages/Home.aspx>

WHAT TO FILE

The **'APPLICATION FOR CONNECTION'** must be filled out in detail. Please provide complete details for project accounting purposes as well as a detailed description of the project scope and the proposed connections to the existing systems. Documents to be provided with the **'APPLICATION FOR CONNECTION'** should include, but are not limited to the following:

- Flow Calculations**
- Fixture Schedule**
- General Arrangement Drawing**
- Elevation Drawing**
- Riser Diagram**
- Connection Details**

It is understood and recognized that all of the information identified will not be available at the early stages of the project, **but by the later stages of the project the requested information is required.**

WHERE TO FILE

The **'APPLICATION FOR CONNECTION'** documents are to be filed with the Facilities & Infrastructure (F&I) office at Sea-Tac International Airport.

Applications and general questions about the application process can be emailed to AVCommittees@portseattle.org.
