RE: SEA-TAC AIRPORT CEP – FOOD SERVICE – SINGLE UNIT 6 (CT-15)

Dear Emily,

Sub Pop Records and Li'l Woody's are excited to officially jointly **propose a restaurant endeavor for SINGLE UNIT 6 (CT-15)** at the Seattle-Tacoma International Airport. Our working name for this project is "Subwood". Subwood will give airport customers an authentic taste of the music culture of Seattle and the Pacific Northwest along with a healthier and gourmet spin on the traditional burger joint. Our restaurant will include a stage so our customers can occasionally enjoy live music while eating, enjoying local coffee, sipping craft beer, or relaxing with upscale wine and cocktails. Sub Pop will offer a limited selection of popular merchandise from its existing airport retail location, Li'l Woody will sell branded items, and new merchandise will be designed exclusively for Subwood restaurant.

The Lease and Concession Agreement will be between the Port of Seattle and SP-LW, LLC.

Please contact Sub Pop Records' Controller, Jaimi Chappelle, with questions regarding this proposal.

A restaurant location at the airport is an exciting opportunity for SP-LW, LLC, Sub Pop Records, and Li'l Woody's. We thank you for your consideration and we look forward to your response!

Best Regards,

Jaimi Chappelle
