COMMENT CARDS

SUSTAINABLE AIRPORT MASTER PLAN

1) Which airport function(s) is most important to you and why?

- Commercial airline service
- Air cargo service
- Airport transportation connections
- Employment opportunities
- Economic development opportunities
- Environmental stewardship

NOISE MITIGATION WITH INCREASED
CARGO TRAFFIC

2) What issue(s) should Sea-Tac prioritize and why?

- Aircraft noise
- Vehicular traffic
- Air quality
- Transportation to/from airport
- Competitive airline fares and choices
- Airline destinations and non-stop connections
- Improved airport amenities/facilities

3) Are there specific issues that you would like the Port to consider regarding the SAMP planning information presented today?

4) How did you hear about today's meeting?

- Air Mail newsletter
- City communication
- Connections e-newsletter
- Word of mouth
- Blog ads
- Blog or newspaper article
- Other: _____

5) Additional Comments?

The turbo flights over Seahurst are ruining our community. I have lived here 70 years & this noise is like a war zone over my house. Please do not ruin our community.

3) Are there specific issues that you would like the Port to consider regarding the SAMP planning information presented today?

Please be a good neighbor & have your planes use the north/south take off & landing paths that you have used & planned for by removing homes & insulating them & providing triple pane windows.

PLAN FOR MITIGATION OF NOISE FROM NEW 509
FREEWAY & LIGHT RAIL.

SUSTAINABLE AIRPORT MASTER PLAN

1) Which airport function(s) is most important to you and why?

- Commercial airline service
- Airport transportation connections
- Economic development opportunities
- Air cargo service
- Employment opportunities
- Environmental stewardship

2) What issue(s) should Sea-Tac prioritize and why?

- Aircraft noise
- Vehicular traffic
- Air quality
- Transportation to/from airport
- Competitive airline fares and choices
- Airline destinations and non-stop connections
- Improved airport amenities/facilities

3) Are there specific issues that you would like the Port to consider regarding the SAMP planning information presented today?

Why is noise mitigation addressed only at the receiving end. With noise cancellation technology, noise could be decreased before reaching the ground?

4) How did you hear about today's meeting?

- Air Mail newsletter
- Connections e-newsletter
- Blog ads
- Other: _____
- City communication
- Word of mouth
- Blog or newspaper article

5) Additional Comments?

Extra cost of airplanes is the only answer I can see, which states that financial success of the airlines is more important than the people & their success impacts.

SUSTAINABLE AIRPORT MASTER PLAN

1) Which airport function(s) is most important to you and why?

- Commercial airline service
- Airport transportation connections
- Economic development opportunities
- Air cargo service
- Employment opportunities
- Environmental stewardship

Pollution kills - we have ↑ cancer, respiratory & skin dermatological rate,

2) What issue(s) should Sea-Tac prioritize and why?

- Aircraft noise
- Vehicular traffic
- Air quality
- Transportation to/from airport
- Competitive airline fares and choices
- Airline destinations and non-stop connections
- Improved airport amenities/facilities

Again Pollution kills:

3) Are there specific issues that you would like the Port to consider regarding the SAMP planning information presented today?

yes how soon can we build bullet trains & Hyperloop transport systems so we can eliminate the airport.

4) How did you hear about today's meeting?

- Air Mail newsletter
- City communication
- Connections e-newsletter
- Word of mouth
- Blog ads
- Blog or newspaper article
- Other: _____

5) Additional Comments?

Any plan that does not include Bullet Trains & HYPERLOOP is a waste of time!

SUSTAINABLE AIRPORT MASTER PLAN

1) Which airport function(s) is most important to you and why?

- Commercial airline service
- Airport transportation connections
- Economic development opportunities
- Air cargo service
- Employment opportunities
- Environmental stewardship

2) What issue(s) should Sea-Tac prioritize and why?

- Aircraft noise
- Vehicular traffic
- Air quality
- Transportation to/from airport
- Competitive airline fares and choices
- Airline destinations and non-stop connections
- Improved airport amenities/facilities

3) Are there specific issues that you would like the Port to consider regarding the SAMP planning information presented today?

small particulate pollution and its health impacts

4) How did you hear about today's meeting?

- Air Mail newsletter
- Connections e-newsletter
- Blog ads
- Other: post card from Port
- City communication
- Word of mouth
- Blog or newspaper article
