The purpose of this Agreement, made and entered into by and between Local Union No. 46, International Brotherhood of Electrical Workers (hereinafter referred to as “the Union”), and the Port of Seattle (hereinafter referred to as “the Port”), is to establish and clarify conditions, wages, and benefits for Utility Workers at the Port. These articles constitute a maintenance agreement, the terms of which have been negotiated in good faith between the Port and the Union. This Agreement shall be subject to approval by the Commissioners of the Port of Seattle.

The scope and classification of work to be performed by employees covered under this Agreement shall include:

Lighting replacement at the Seattle Tacoma International Airport or Seaport, including cleaning of all types of lighting fixtures, lenses, and diffusers in luminous ceilings and all types of diffused ceiling or area lighting installations; and the replacement of lamps, tubes, diffusers, lenses, and similar equipment. Other work will include the reading of electrical meters and material handling. Utility Workers may also be responsible for audio/visual duties (setup of podiums, screens, LCD projectors, and TV/VCR combination units) as well as assisting Electricians in all duties not requiring an electrical license or traditionally performed by electrical apprentices.

ARTICLE 1: PURPOSE

The purpose of this Agreement is to promote the continued improvement of the relationship between the Port and its employees through their Union. The articles of this Agreement set forth the wages, hours, and working conditions for the bargaining unit employees.

ARTICLE 2: NON-DISCRIMINATION

The Port and the Union will not tolerate discrimination against any persons on the grounds of age, race, color, national origin/ancestry, ethnicity, religion, disability, Family Medical Leave Act, (FMLA) use, pregnancy, sex/gender, sexual orientation, whistleblower status, military affiliation, marital status, worker’s compensation use, transgender status, political beliefs, or any other protected status as guaranteed by local, state, and federal laws.

ARTICLE 3: UNION RECOGNITION AND MEMBERSHIP

3.1 Recognition – The Port recognizes the Union as the exclusive bargaining representative of all employees whose job classifications are in the work units listed in this Agreement.

3.2 Dues and Fees

Section 1. All present employees who are members of the Union as of the date of the execution of this Agreement shall remain members during the life of this Agreement as a condition of continued employment. All current employees who are not members of the

Union shall become members of the IBEW Local 46 within thirty (30) days after the signing of this Agreement and shall remain members during the life of this agreement as a condition of their continued employment. All employees hired hereafter shall become members of the Union within thirty (30) days following the beginning of their employment and shall remain members during the life of this Agreement as a condition of their continued employment. No employee will be terminated under this Article if the Port has reasonable grounds for believing:

- (a) That membership was not available to the employee on the same terms and conditions generally applicable to other members, or
- (b) That membership was denied or terminated for reasons other than the failure of the employee to tender the periodic dues and the initiation fee uniformly required as a condition of acquiring or retaining membership.

Section 2. The Port shall discharge or otherwise cause the termination of employment of non-complying employees upon receipt of written request to the Port's Director of Labor Relations from the Union. Prior to sending a written request for termination to the Port, the Union shall notify the affected employee of its intention to request termination. Such termination of employment shall be made following the Port's due process procedures but in no case greater than ten (10) working days after receipt of written request by the Port's Senior Director of Labor Relations.

- 3.3 **Payroll Deduction** - Upon receipt of written authorization individually signed by an employee, the Port will have deducted from the pay of such employee the amount of dues and initiation fees as certified by the Union and will transmit the amount to the Union.
- 3.4 **Indemnification** - The Union will indemnify and hold the Port harmless against any claims made and against any suit instituted against the Port on account of any check-off of dues and initiation fees for the Union. The Union agrees to refund to the Port any amounts paid to it in error upon presentation of proper evidence thereof.
- 3.5 **Hiring Procedure** – The Port is a public employer subject to the requirements of Chapter 53.18 RCW and Chapter 41.56 RCW regarding employment relations, collective bargaining, and ability to hire personnel. In accordance with Chapter 53.18.060 the parties agree that this labor agreement does not restrict the right of the Port in its discretion to secure its employees from the local community, according to the Port's internal hiring procedures. All new employees hired in this manner are subject to the terms and conditions of this Agreement.

ARTICLE 4: MANAGEMENT RIGHTS

- 4.1 **General** - The Union recognizes the prerogatives of the Port to operate and manage its affairs in all respects in accordance with its responsibilities and powers of authority, subject to the terms and conditions of this Agreement.
- 4.2 **Rights Enumerated** - Unless modified by this Agreement, the Port shall have the right to determine staffing levels and work locations; determine any given employee's job

classification consistent with this Agreement; recruit, examine, hire, appoint, promote, demote, train, transfer, assign, layoff, and discipline and discharge seniority employees for just cause; direct and assign the work; develop and modify classification specifications consistent with this Agreement; allocate positions to those classifications; allocate employees to those positions; determine work shifts and work schedules; schedule and assign overtime work; establish the methods, means and processes and personnel by which work is performed; establish rules; secure its seniority and limited duration employees from the local community, specify certain employees as seniority employees, subcontract work as allowed by this agreement, allow tenants and leaseholders doing business with the Port to do the work covered by this agreement on their leased premises only, and the right to take whatever actions are necessary in emergencies in order to assure the proper functioning of the work unit.

Due to the unique nature of the operations of the Port, the demands for skilled Utility Workers are highly variable in specific skills and equipment, numbers of crew and required response time. The parties have negotiated in good faith on the subject of subcontracting, with the interest of the Union being maintaining job security and the interest of the Port being the ability to adapt to the ever changing maintenance requirements of the complex systems maintained by the Port as well as public statutes and policies regarding purchasing of goods and services as a public entity. To this end the parties have recognized the difficulty of adopting specific language limiting the right of the Port to subcontract, if the need arises, work traditionally performed by employees covered by this Agreement. No employee working under this Agreement shall be laid off, transferred, or suffer loss of regular work hours due to subcontracting or transferring of the work performed under this Agreement. Limited Duration Employees may be terminated without just cause and without recourse to the grievance procedure regarding termination.

ARTICLE 5: CLASSIFICATIONS AND RATES OF PAY

5.1 Rates of Pay

Effective June 1, 2017, the Utility Worker pay rate will be \$24.99 per hour.

5.2.2 Seniority Employee - A seniority employee is an employee employed by the Port who has worked in the bargaining unit at least 1,560 hours in a twelve (12) month continuous period of time. Once an employee attains seniority employee status, seniority shall be retroactive to their date of hire in the classification.

5.2.3 Limited Duration Employee - A Limited Duration Employee (LDE) is an employee employed by the Port who has not worked in the bargaining unit at least 1,560 hours in a twelve (12) month continuous period of time. Limited duration employees are at will and do not accrue seniority. A Limited Duration Employee is eligible to take vacation, sick leave and other approved leave after six months of service.

5.2.4 General Foreman – When the Port of Seattle determines that a General Foreman is needed for the management of operations, the Utility Worker General Foreman shall receive a 20% premium above the Utility Worker rate. The General Foreman may also perform the duties of a Foreman and a Utility Worker.

ARTICLE 6: HOURS OF WORK & OVERTIME

6.1 Standard Five-Eight (5x8) Work Schedule – The standard workweek shall be five (5) consecutive days Monday through Friday on the basis of eight (8) consecutive hours per day, or by mutual agreement four (4) consecutive ten (10) hour days (4x10) within the standard workweek, exclusive of the unpaid thirty (30) minute meal period.

6.2 Shifts and Shift Differentials

First Shift - An employee assigned to work on a shift beginning between the hours of 6:00 A.M. and 8:00 A.M. will be considered to be on first shift.

Second Shift - An employee assigned to work on a shift beginning between the hours of 2:00 P.M. and 5:00 P.M. will be considered to be on second shift. The pay rate for an employee assigned to second shift will be his/her base hourly rate of pay plus ten (10) percent. An employee who is regularly assigned to the second shift will have all compensable time paid at the higher rate of pay.

Third Shift - An employee assigned to work on a shift beginning between the hours of 10:00 P.M. and 1:00 A.M. will be considered to be on third shift. The pay rate for an employee assigned third shift will be his/her base hourly rate of pay plus fifteen (15)

percent. An employee who is regularly assigned to the third shift will have all compensable time paid at the higher rate of pay.

- 6.3 Overtime During the Regular Workweek** – All work performed outside of the regularly scheduled working hours shall be considered overtime. During the regular five-eight (5x8) workweek, the first two (2) hours of overtime shall be at one and one-half (1 ½) times the regular shift rate. All other work performed outside the regularly scheduled working hours and after ten 10 hours on a four-ten (4x10) schedule shall be paid at double the shift rate.
- 6.4 Meal Periods During Overtime** – When employees are required to work more than three (3) hours of overtime beyond their established shift, the employee shall be allowed a paid thirty (30) minute meal period prior to or during the overtime period. The paid meal period shall be scheduled by the Employer.
- 6.5 Weekend Overtime** – All work performed on the employee's normally scheduled weekend days off shall be considered overtime.
- 6.5.1 Time and One-Half Overtime (1.5x) Rates** – During the first eight (8) hours of work on the employee's normally scheduled first weekend day off, all work performed shall be paid at one and one-half (1.5x) the employee's regular shift rate of pay.
- 6.5.2 Double Time (2x) Overtime Rates** – All other overtime during the employee's normally scheduled weekend, beyond the hours specified in Section 6.4.1 shall be paid at double (2x) the employee's regular shift rate of pay.
- 6.6 Scheduled Overtime Work** – Scheduled overtime work will be offered to seniority employees prior to all other employees on the same shift except in those instances where seniority employees are not readily available. Readily available is defined as the employee not being on a leave status and is present at work or at home when called at the time the overtime work is being scheduled and is in the division in which the overtime will be worked. When limited duration employees are used as part of a crew involved in a specific work task, they will be allowed to work the overtime that is involved with that specific work task.
- 6.7 Unscheduled Emergency Overtime Work** – In the event of unscheduled emergency overtime work, work management is not aware of in advance, management may offer overtime to whoever is most available. However, when possible, management will make a good faith attempt to offer this overtime to seniority employees, who are in the same division in which the overtime will be worked, prior to limited duration employees.
- 6.8 Overtime Authorization** – All overtime will be authorized in advance by the manager/designee in writing, except in emergencies.
- 6.9 Callout Premium** – A "callout" will be defined as a circumstance where an employee has left the work premises and is subsequently requested to report back to work prior to his/her normally scheduled shift. A minimum of four (4) hours at the double time (2X)

rate will be paid for each callout. Where such overtime exceeds four (4) hours, the actual hours worked will be paid at the double time rate.

- 6.10 Off-Duty Time** – There must be at least eight (8) hours of off-duty time for any worker who moves to a different shift or who works overtime before or after a shift. When workers are not given eight hours off before starting work again, double the shift time rate shall apply to all hours worked.
- 6.11 High Time** – When working on lift equipment or scaffolding in the Gina Marie Lindsay Hall, Central Terminal, Northstar, IAF or the North Esplanade areas, Utility Workers shall receive a premium of 10 % per hour based on the regular day shift rate. Additional areas comparable in height will be added at Management’s discretion.
- 6.12 Changes to Shift** – Changes to shift and/or workweek schedules will require one (1) week notice to affected employees. If the employer does not meet notification requirements, the employee will be paid at the higher shift rate until the notification requirement is met, when changing shifts. If the transition to the new workweek schedule provides less than two consecutive days off, the employee shall be paid time and one-half for the first day of their new workweek and double time for the second day of their workweek.
- 6.13 Snow Event** - In the case of a snow event, the utility crew working snow duty waives the right for a one week notice prior to a shift change. Their work schedule will shift to coincide with their snow duty shift for the remainder of the week, allowing for a minimum of five work shifts during that week. For example, an employee normally works day shift but is called to snow duty for Wednesday night. Assuming they were released from snow duty after only one shift, they would complete their week by working Thursday night and Friday night, for a total of five shifts. The overtime language contained in this Agreement applies to this section. If snow duty continues beyond one day, each snow duty shift counts towards the minimum of five shifts.
- 6.14 Phone Consultation Pay** – With approval or direction from a supervisor to call an employee outside of his or her shift to seek technical advice or support, the employee giving the advice shall be compensated at the double (2X) time rate in one-quarter (.25) hour intervals per phone call. Phone consultations to employees outside their regular shift in regards to scheduling or other non-technical support shall not result in any compensation. Multiple calls within a fifteen (15) minute interval shall not be compensated as separate calls.

In such an instance, the Port shall decide whether the last preceding workday or the first workday of the following week is to be observed.

- 8.5 **Unscheduled Use of Vacation** – After six (6) months of continuous service, vacation leave may be used for unscheduled purposes such as sick leave with management approval. However, a doctor's note may be required for absences lasting three days or more. Any unscheduled time taken prior to six months of continuous service shall be considered leave without pay.
- 8.6 **Lay off** - Employees who are laid off or without work through no fault on the part of the employee will not suffer a break in length of service for vacation purposes provided they are rehired within six (6) months of the date of the layoff.
