Amendment 1 to Motion 2020-05
(Maritime Secondary Education Advisory Group Recommendations)

For consideration February 25, 2020

[This timely filed amendment requested by Commissioner Steinbrueck]

In the introduction, on line 12, insert the following:
The Century Agenda states that the port shall “use our influence as an institution to promote ... workforce development” with the objective to “increase workforce training, job, and business opportunities for local communities in trade, travel, and logistics.”

And in the text of the motion, on line 50, insert the following:
The Port of Seattle support of the recommendations in “A Changing Tide” aligns with the Century Agenda goal to use our influence as an institution to promote workforce development and to build pathways to career opportunities. Any future Port of Seattle funding for this project will require commission approval.
