FlyHealthy@SEA: We’re Happy to See You

The COVID-19 global pandemic forced massive shifts in our lives. We now expect different behavior from each other and new protocols from businesses to protect our health.

Our team at Seattle-Tacoma International Airport (SEA) is ready for the incremental increases in air travel now and to come. We require face coverings, escalated cleaning and disinfecting, implemented physical distancing, and added touchless technologies. We are happy to see you as we stretch towards 20,000 daily departing passengers.

FlyHealthy@SEA By the Numbers

- **70 percent of airport dining and retail tenants are re-open!**
  During the worst days of the pandemic two-thirds were temporarily closed. See what’s open and how you dine, imbibe, and shop will be different the next time you travel.

- **Approximately 7,700 passengers screened** for elevated temperatures above 100.4 degrees and zero high temperatures have been detected. Learn about the temperature screening experience at SEA.

- All summer, you will see the Mask Up SEA Street Team in the terminal distributing SEA Care Kits to travelers without masks or face coverings. So far, **over 2,700 SEA Care Kits** were handed out! Check out Mask Up SEA.

- Spritzed, sprayed, and dispensed over **1,268 gallons of hand sanitizer**, more than **5,012 ounces of disinfecting spray** and **1,394 containers of sanitizer wipes** in response to COVID-19.

- Added **over 250 hand sanitizer stations** throughout the terminal. Download the SEA App with our interactive map of hand sanitizer locations.

- Last week, TSA screened a **daily average of 15,900 passengers**. That’s down 76% from the same week last year. Explore our airport activities dashboard.
Preparing to Travel — Recovery Ready

The next time you visit SEA, your experience will look and feel different, including:

• Passengers, visitors, and workers are required to wear face coverings in the public areas of SEA
• Signage for reminders and spacing to honor physical distancing
• Plastic protective barriers that buffer interactions between travelers and airport employees
• Frequent disinfection with medical-grade cleaning products
• Added over 250 hand sanitizer stations throughout the terminal for your use. Download the SEA App with our interactive map of hand sanitizer locations.
• Each dining and retail tenant at SEA developed plans detailing procedures for safe operations such as physical distancing requirements, sanitation and personal hygiene protocols, personal protective equipment, and how to provide services while limiting close interactions.

FlyHealthy@SEA will continue to evolve as travelers return to the airport.

Help Stop the Spread – Passenger Actions

Passengers, employees, and the community can help stop the spread of COVID-19. We ask you to follow these guidelines to protect yourself, your fellow travelers and airport employees, including:

- Avoid non-essential travel
- Stay home when you are sick. And get better soon!
- Wear face coverings to help slow the spread of germs
- Practice physical distancing
  - Maintain your distance and stay six feet (or two meters) apart from others
  - No more than four in an elevator
  - Using every fourth step on escalators
- Wash your hands often with soap and water for at least 20 seconds
- Avoid touching your eyes, nose, and mouth

In case you missed it!

Contactless Travel Tips at SEA
