## The Next Phase of FlyHealthy@SEA

Seattle-Tacoma International Airport (SEA) is committed to your health and well-being. The pandemic forced massive shifts in our lives. You can expect things to be different the next time you travel.

FlyHealthy@SEA is our layered, comprehensive action plan to ensure your health and well-being while traveling. We require face coverings and physical distancing, boosted cleaning and disinfecting activities, and added more touchless technologies.

### We Hear You and We're Here for You

We're happy to see you as we stretch towards 20,000 daily departing passengers, but we understand everyone has a different comfort level about returning to the airport. We recently asked you for feedback about travel in our new normal.

We polled you on our social media and asked you in an online survey via text and

#### What kind of traveler are you?

#### Over 75% of you...

...are aware of the actions taken to ensure the health and safety of passengers.

...feel confident about the health and safety measures at SEA.
