Water and Energy SUBSECTORS

Contractor

Engineering

Maintenance

Contractor

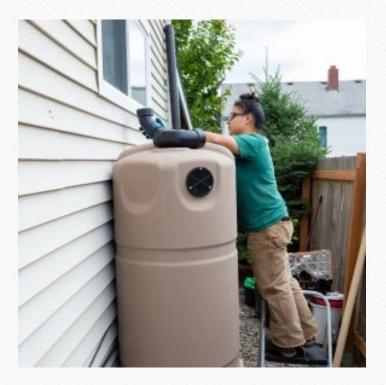

Cistern Installation Contractor Irrigation System Specialist

Hydrogeologist

Cistern Installation Contractor

- Salary: \$40k-\$70k per year
- Digs trenches for installation of septic tank and drains lines for sewage disposal system
- Education: On the job training, cistern training certificate equipment operator license

Irrigation System Specialist

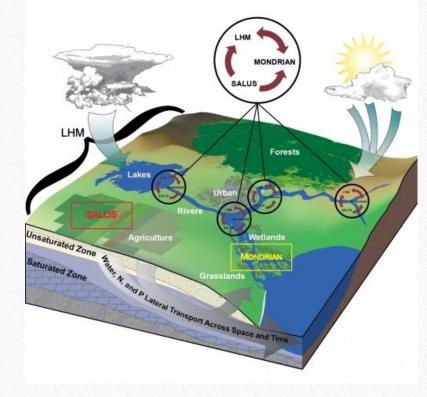

- Performs installation, maintenance and repair of irrigation systems.
- Education: HS diploma (Required), associate's degree & higher
- Salary: \$40k-\$45k per year

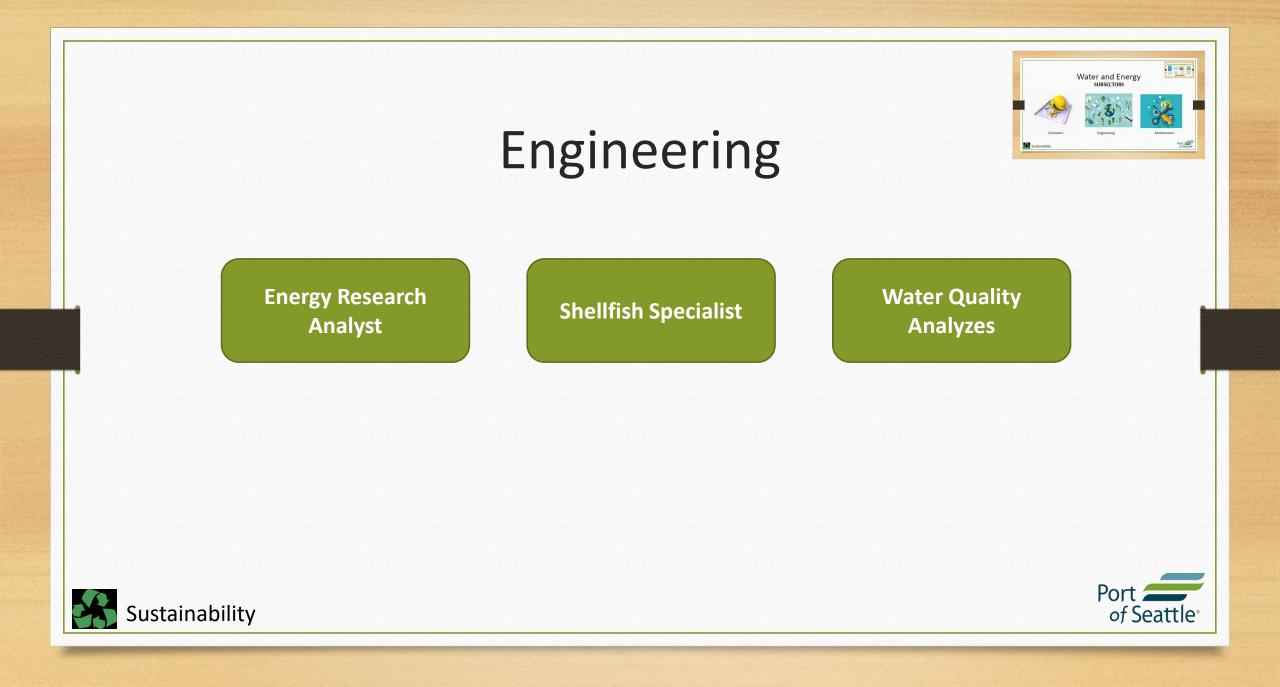

Hydrogeologist

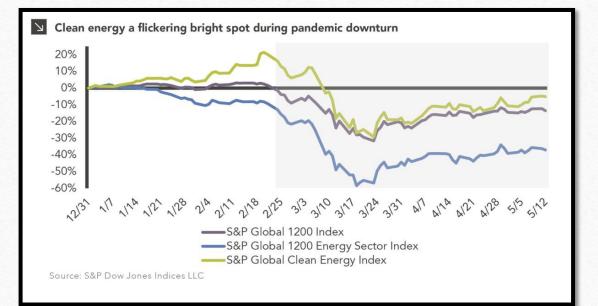

- Study the location, movement, & quality of water formations that are below the surface of the Earth.
- Education: Bachelor's degree in Environmental science, geography, geology, earth sciences or related.
- Salary: \$74k-\$100k per year

Energy Research Analyst

- Measure energy efficiency, analyze data on energy use, develop an energy model for buildings, etc.
- Education: HS diploma & Bachelor's degree
- Salary: \$57k-\$75k per year

A 100

Port _

Shellfish Specialist

- Responsible for providing excellent service and product for markets
- Education: Degree in marine, biology, fisheries or closely related field.
- Salary: \$29k-\$63k per year

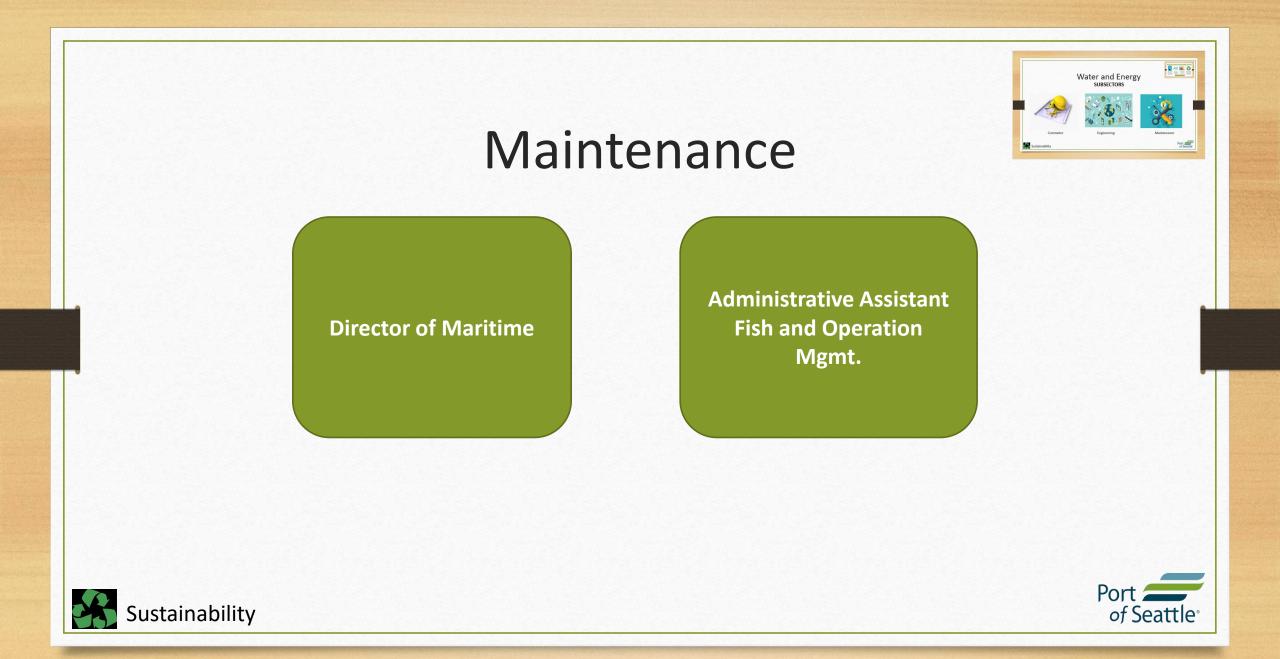

Water Quality Analyst

- Safeguard the quality of water through scientific analysis, ensuring quality and safety standards are met.
- Education: Bachelor's degree in environmental science or a science-related field.
- Salary: \$40k-\$79k per year

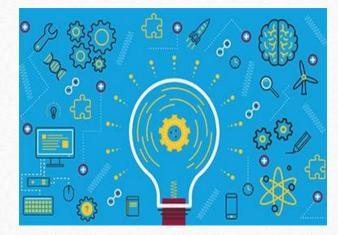

Pollution Control

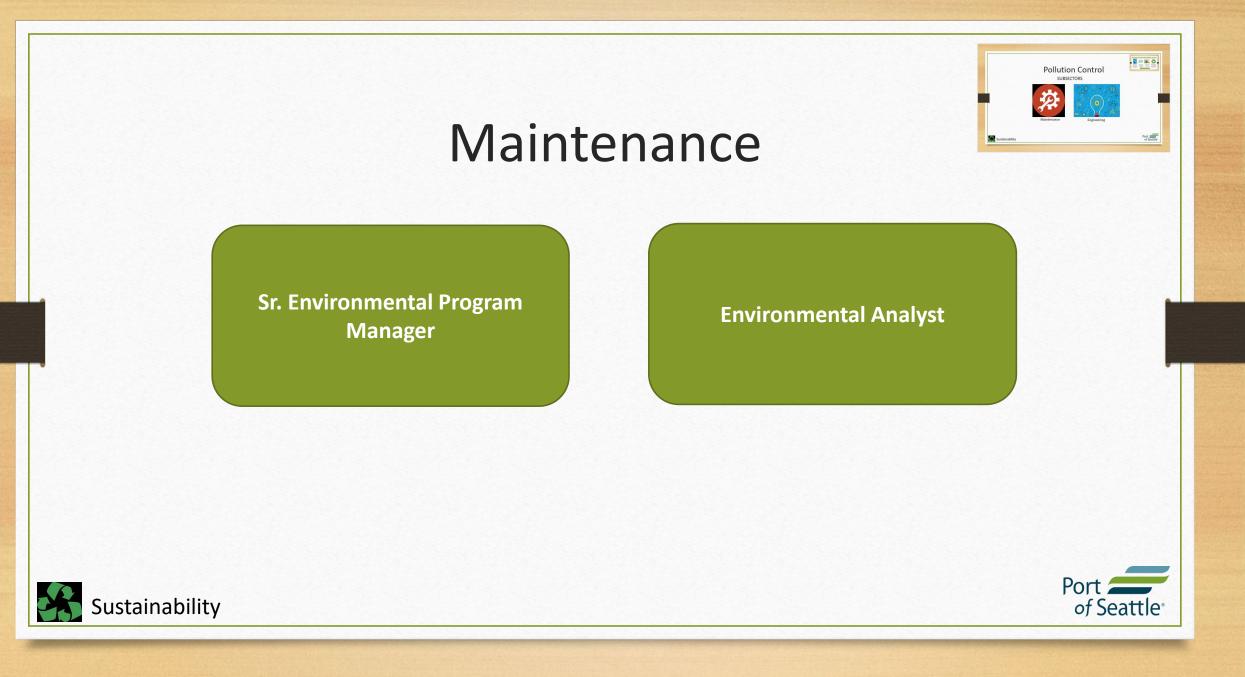

Maintenance

Senior Environmental Program Manager

- Responsibilities: Coordinating and/or preparing permit submittals, Monitoring program, etc.
- Education: Bachelor's degree
 in environmental sciences, Environmental
 engineering, or related field, Master's
 degree in Environmental science &
 engineering, or related field.

Maintenance

Environmental Analyst

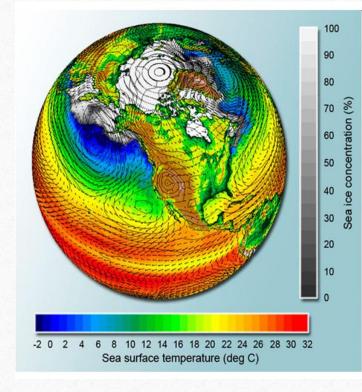

- Responsible for studying, examining human effects & impacts on various aspects of the planet.
- Education: Bachelor's degree in environmental science & sciencerelated field.
- Salary: \$50k-\$94k per year

Maintenance

Climate Data Analyst

- Ingest and evaluates the complex climate data, catalogs the sources of climate data used in research, & runs advanced statistical analysis.
- Education: Bachelor's degree in scientificrelated field
- Salary: \$76k-\$101k

8

Environmental Protection Specialist

- Collecting water, oil, food, other types of samples for testing; analyzing samples to identify pollution or potential environmental threats; preparing reports of findings; & developing plans to correct or avoid pollution problems.
- Education: Bachelor's degree in scientific-related field; engineering backgrounds to help with technical responsibilities.
- Salary: \$86k-\$100k per year

Air Pollution Control Specialist

This Photo by Unknown Author is licensed under CC BY-SA

- Designs, conducts, and evaluates our modern, investigation and control programs, and motor vehicle test programs
- Education: Bachelor's degree in Environmental science or a science-related field, master's degree for advancement.
- Salary: \$67k-\$92k per year

Weather and Climate

Maintenance

Weather and Climate Maintenance **Environmental Program** Manager

Environmental Program Manager

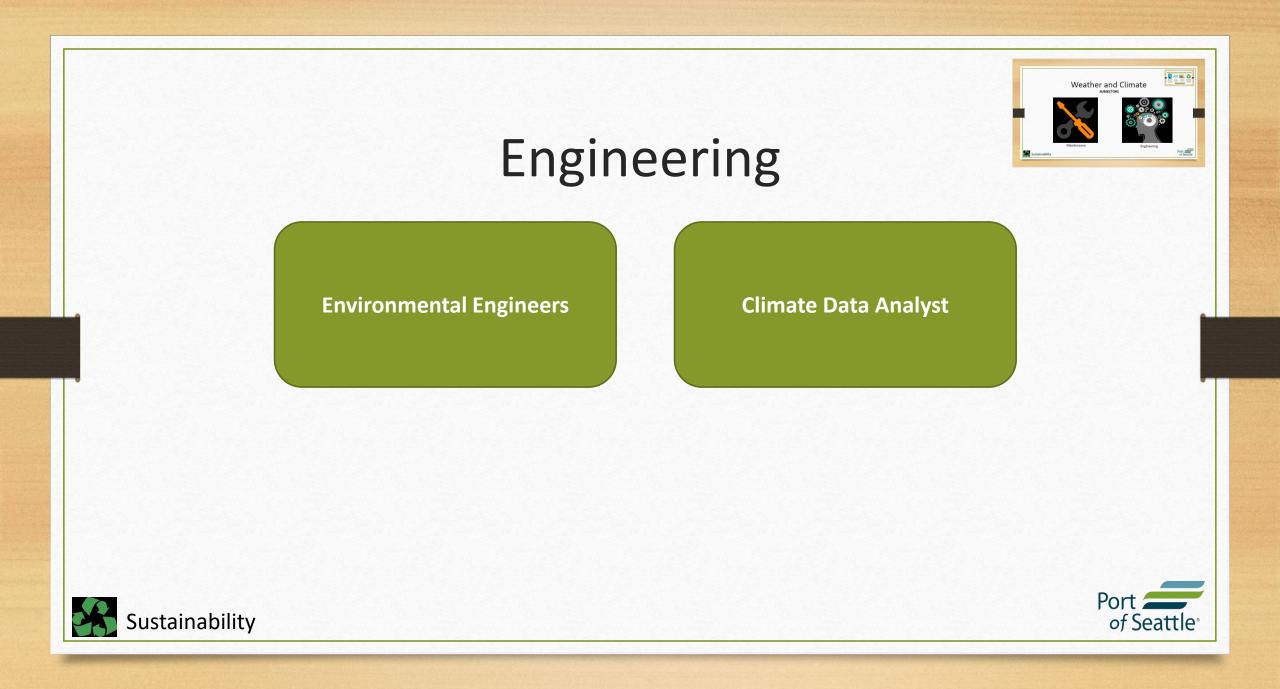

- Oversee activities and interactions with environmental regulatory agencies. Preparing reports and work plans.
- Education: Bachelor's degree in Sciencerelated field

8

Maintenance

Environmental Engineering

- Salary: \$50k-\$98k per year
- Design projects that lead to environmental protection, such as water reclamation facilities or air pollution.
- Education: Bachelors degree in Environmental engineering or related fields.

Urban Planner

- Develop land-use plans and programs that help create community's, accommodate population growth, and revitalize physical facilities in town, cities, countries, and metropolitan areas
- Education: Bachelor's degree in economics, geography, political science or environmental design Master's degree form an accredited urban or regional planning program.
- Salary: \$42k-\$86k per year
