

Environmental Grants Program Fiscal Sponsor List

The following is a list of organizations who have expressed interest in being a fiscal sponsor for a community project. An organization can be a fiscal sponsor for one project during an application cycle. The fiscal sponsor organization may also be the prime, or lead organization, on one additional project during an application cycle. If you are a community group looking for a fiscal sponsor, please review this list and contact the organizations below as soon as possible to discuss details.

Summer Search

Website: <https://www.summersearch.org/seattle>

Contact: Sergey Smirnov ssmirnov@summersearch.org (206) 310-4600

Organization Description:

We serve students with great potential, but unequal opportunity due to systemic inequities that stifle their ability to obtain postsecondary degrees, participate in the workforce, or gain financial stability. Every day we break down barriers and fight for equity for our students by connecting them to expansive opportunities and a community of support. We partner with them in their discovery that they possess not just the talent, but also the inner strength to carve their place in the world. Through a combination of mentoring and transformative experiences, Summer Search students strengthen the skills they need

to thrive in school, work, and life. Because when all young people can cultivate the power and courage already inside them, they are unstoppable.

Service Area: Seattle, Tukwila, Burien, Des Moines, Kent, Renton, SeaTac & Federal Way

Environmental Science Center

Website: EnvironmentalScienceCenter.org

Contact: Kelly Steffen, kelly@environmentalsciencecenter.org (206) 248-4266

Organization Description:

The Environmental Science Center promotes environmental stewardship and academic achievement through science-based education. Founded in 2000, this not-for-profit organization offers quality, experiential environmental education programs at our local beaches, streams, forests, and classrooms in South King County. ESC promotes environmental stewardship to thousands of people through collaborations with a growing number of school districts and community-based organizations as well as speaking engagements, festivals, and workshops. Over the years, ESC has steadily grown the number of programs it offers, the diversity of students it serves, and the number of hours of science-based environmental education it provides.

Service Area: Located at Seahurst Beach in Burien and serves communities throughout South King County.
