

INTERNSHIPS AND FELLOWSHIPS

HIGH SCHOOL INTERNSHIPS

The Port offers high school internships throughout the year. Each quarter, we host at least 25 students interested in Aviation, Maritime, Environmental Sustainability, or Construction Trades. We have a Spring program for youth interested in environmental sustainability. In the Summer we host 30+ interns in several different Aviation areas. In the Fall and Winter students can learn all about the Maritime industry or Construction Trades. In all our internships youth learn about Port related industries and gain real life work experience, project management, public speaking, and team development skills.

POST-SECONDARY INTERNSHIPS

The Port offers unique post-secondary internship opportunities throughout the year designed to recruit specifically from post-secondary partnerships with technical schools and certificate programs.

COLLEGE AND GRADUATE INTERNSHIPS

The Port offers college and graduate internships throughout the year. These internships allow students to work in a field aligned with their education and career goals. The Port offers internships across various Port departments such as accounting, engineering, construction management, project management, airport operations, legal, human resources, environmental, and many more.

VETERAN FELLOWSHIPS

Every six months, the Port hires a small cohort of recently separated or retired veterans. During the six-month paid fellowship, veterans will be exposed to the civilian work environment and to corporate business practices. Veteran fellows partner with a mentor and workgroup to help guide them in developing their career goals. They will receive assistance to identify transferable skills, work on their resume, and improve interviewing techniques.

Details and Eligibility

More details about the Port of Seattle's range of internship and fellowship opportunities, including eligibility requirements, visit portseattle.org/careers.

All internships and fellowships are paid

All of our internships and fellowships are paid and many are also credit-earning. Email Internships@portseattle.org for more information.
