

Q1 2021 Financial Results

As of March 31, 2021

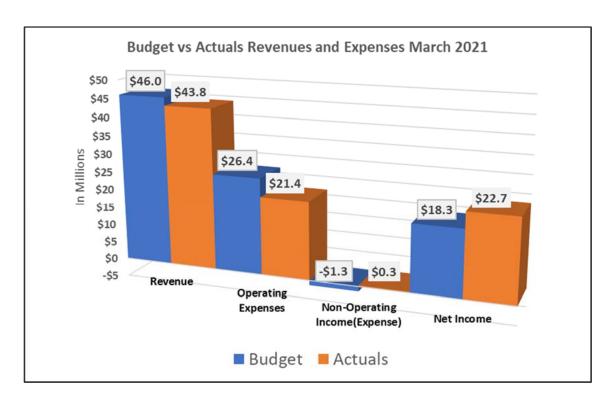

April 19, 2021

March 2021 Financial Summary

Note: In 2021, the NWSA adopted the new lease accounting standard, GASB 87, which reduced operating revenues and increased interest for the same amount, resulting in no overall impact on net income. Therefore, our internal statements of revenue and expenses will exclude the impact of GASB 87

Executive Summary

Through the first quarter of 2021, NWSA net income of \$22.7 million was \$4.4 million more than budget and \$1.2 million more than the prior year.

Revenue for the first quarter of \$43.8 million was \$2.2 million under budget. Container revenue decreased \$2.2 million primarily due to the APL agreement that is being restructured, offset by intermodal revenues that were \$0.1 million over budget (TEUs up 12% year-over- year). Non-container revenues were flat as the breakbulk revenue increase of \$0.1 million and was offset by a decrease of \$0.1 million in auto revenue. Real Estate revenues were also on budget.

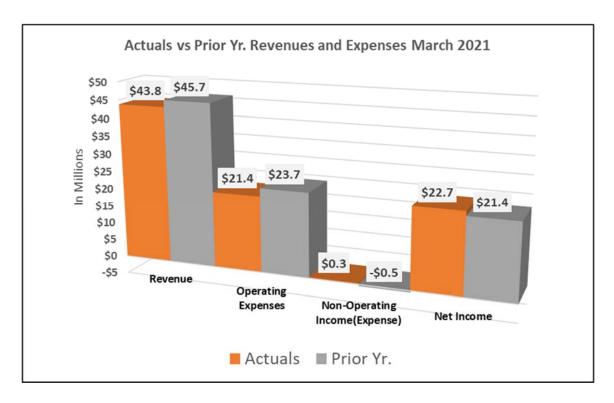

Operating expense before depreciation of \$17.8 million was \$4.6 million less than budget due to lower maintenance costs and timing on maintenance project spending of \$1.7 million (paving at PCT, main breaker repair at T46, T5 reefer plugs, contingency placeholder), timing on operations spending of \$1.5 million (rail incentives, SH customs lease, conditions assessments), timing on environmental stormwater projects of \$0.1 million and lower administrative support services costs of \$0.8 million.

Operating income of \$22.4 million was 14% above budget.

Net non-operating income was \$1.6 million above budget primarily due to timing on T5 public expenses of \$1.7 million.

Net income of \$22.7 million was 24% above budget and will be split 50/50. Each homeport recorded income from the NWSA JV of \$11.3 million (rounded).

Revenue through March of \$43.8 million was \$1.8 million less than the prior year. Container revenue decreased \$2.0 million as the reduction in APL revenue was offset by higher intermodal revenue of \$0.4 million. Non-container revenue was flat as the increase in breakbulk revenue of \$0.3 million was offset by a decrease of \$0.2 million in auto revenue.

Operating expense before depreciation of \$17.8 million was \$2.4 million less than the prior year as longshore labor that supports breakbulk and the NIM were down \$0.3 million due to deliberate staffing reductions to match lower volume. Lower homeport allocation rates for administrative and security support services compared to the prior year reduced those expenses by \$0.9 million. Maintenance was down \$0.6 million due to lower crane and strad maintenance of \$0.5 million and \$0.3 million was spent on the SH deepening study last year. Depreciation expense of \$3.6 million increased \$0.2 million over the prior year from new asset additions.

Operating income was \$22.4 million and \$0.5 million above the prior year.

Net non-operating income was \$0.8 million less than the prior year due to a reduction in the non-cash market value on investments.

This resulted in net income of \$22.7 million, which was \$1.2 million and 6% above the prior year.

Balance Sheet and Cashflow: Cash and investments totaled \$63.5 million at the end of the first quarter, compared to \$45.6 million at the beginning of the year. The increase of \$17.9 million is primarily due to the current month's cash distributions to homeports of \$25.4 million which will be paid in April and changes in other payables and receivables balances. Cash distributions to homeports were \$36.5 million compared to \$46.5 million in the prior year, the decrease is due to the distribution of accumulated grant and investment income in the prior year of \$10.2 million. NWSA capital spending through the first quarter was \$29.9 million of which \$5.4 million will be received in April.

Operating Income by Line of Business

Actual vs Budget

Container Business (Container Terminals and Intermodal)

Container business (containers and intermodal) revenues of \$36.2 million were below budget by \$2.2 million primarily due to the restructuring of the APL agreement (\$2.3 million), offset by crane and strad revenues that were \$0.3 million over budget. March year-over-year TEU volumes increased by 25% resulting in year to date volume up 12%. During the first quarter there were 38 blank sailings (ship call cancellations).

Operating expenses of \$10.4 million were below budget by \$2.0 million mostly due to timing of spending. This resulted in container business operating income that was \$0.2 million below budget.

Operating revenues of \$36.2 million were below budget \$2.2 million.

- T-5 revenue was below budget by \$2.3 million due to the restructuring of the APL agreement.
- Total intermodal revenue was down \$0.3 million HIM and PIM lift revenues were down \$0.4 million and \$0.3 million, respectively (volumes down 32% and 50%, respectively); offset by lift minimum guarantee up \$0.2 million at PIM and NIM lift revenue up \$0.1 million (volumes up 4%).
- Husky crane and strad rents were up \$0.3 million driven by higher TEU's than expected.

Operating expenses of \$10.5 million were \$2.0 million and 16% below budget.

- Operations expense was below budget \$0.9 million due to the timing of rail incentives of \$0.5 million and North Harbor condition assessments of \$0.2 million and a permanent variance at T46 for paving of \$0.3 million.
- T30 was above budget \$0.3 million for the rental of generators and related equipment.
- Maintenance was under budget \$0.8 million due to the timing of expenses including, main breaker repair at T46 for \$0.1 million and unplanned contingency of \$0.4 million, and the reefer plug repair project at T5 for \$0.3 million will be capitalized.

Non-Container Business (Autos and Breakbulk)

Non-Container business revenues were on budget as the positive breakbulk variance of \$0.1 million offset lower auto revenues. Operating expenses were down \$0.2 million mainly due to lower auto drayage and longshore costs associated with storage yards as autos were immediately moved to retailers. This caused Non-Container business operating income to be \$0.2 million higher than budget.

Operating Revenues of \$4.4 million were on budget.

- Breakbulk revenues of \$2.3 million were above budget \$0.1 million (volumes were below budget by 10%) primarily from lay berth revenue at Pony.
- Auto revenues of \$2.2 million were below budget \$0.1 million (units down 6%) due to lower storage revenue of \$0.1 million as auto units were discharged off vessels and moved

directly to retailers.

Operating Expenses of \$2.5 million were \$0.2 million and 6% below budget.

- Breakbulk expenses of \$1.9 million were on budget with lower longshore costs offsetting repairs and maintenance.
- Auto expenses of \$0.6 million were below budget \$0.2 million driven by lower drayage and longshore costs as units were discharged off vessels and moved directly to retailers.

Real Estate

Operating revenues of \$3.3 million were comparable to budget and operating expenses of \$0.1 million were on budget.

Other (not LOB-specific) Operating Expenses

- Commercial and Administrative expenses were below budget by \$0.9 million, primarily due
 to timing on the SH customs lease of \$0.3 million and timing on consulting costs of \$0.5
 million.
- Infrastructure and Other Administration expenses were below budget by \$1.9 million as
 administration costs were below plan \$0.7 million due to lower homeport support service
 agreement allocations (driven by consulting services, IT data services and
 hardware/software maintenance spending below plan) and timing on consulting costs of
 \$0.2 million.
- Environmental costs were below budget by \$0.3 million due to timing on project spending.
- Maintenance was below budget by \$0.4 million for unspent contingency of \$0.4 million

Year to Date vs. Prior Year

Container Business (Container Terminals and Intermodal)

Container business (containers and intermodal) revenue of \$36.2 million decreased by \$2.0 million from the prior year driven by the restructuring of the APL agreement which was offset by higher intermodal revenue. There were 38 blank sailings through March versus 32 during the prior year.

Operating expenses of \$10.5 million decreased \$0.4 million, primarily due to lower volume related operating expenses, lower rent at the SIM yard and higher prior year crane maintenance. This resulted in container business operating income to be \$1.5 million lower than the prior year.

Operating Revenues of \$36.2 million decreased \$2.0 million and 5% versus the prior year.

- T-5 revenue declined by \$2.3 million due to the restructuring of the APL lease.
- Total intermodal lift revenue increased \$0.4 million due to an increase in crane minimum at PIM of \$0.7 million which was offset by NIM lift revenue down \$0.5 million.
- Lift volumes were down 16% at the NIM and 24% at the PIM and up 1% at the HIM and 6% at the SIM versus the prior year.

Operating Expenses of \$10.5 million decreased \$0.4 million and 4% from the prior year.

- Revenue related operating expenses in the South Harbor were down \$0.4 million.
- T-30 expenses increased \$0.3 million for the rental of generator and related power equipment and was offset by lower crane maintenance expenses at East Sitcum.

Non-Container Business (Autos and Breakbulk)

Operating Revenues of \$4.4 million were \$0.2 million less than the prior year.

- Breakbulk revenues increased by \$0.3 million as volumes decreased by 12%. Lay berth revenue at the Log dock contributed \$0.2 million.
- Auto revenues were down \$0.2 million as volumes were down 12%.

Operating Expenses of \$2.5 million were down \$0.2 million compared with the prior year.

- Longshore expenses were down \$0.2 million due to improvements made in labor management.
- Depreciation costs increased \$0.1 million over prior year due to new asset additions.

Real Estate

<u>Operating Revenues</u> of \$3.2 million decreased \$0.1 million and 2% compared to the prior year primarily from terminated leases that offset rent escalations.

- Dockage, wharfage and service charges at the T18 bulk facility were comparable to prior year.
- Petroleum volumes were down 30% and molasses volumes were down 7.1%.

Operating Expenses of \$0.1 million were comparable with the prior year.

Other (not LOB-specific) Operating Expenses

- Commercial Administration expenses of \$2.4 million decreased by \$0.4 million, primarily for timing of consulting costs.
- Infrastructure and Other Administration expenses of \$5.9 million decreased by \$1.2 million due to revisions of support services agreements that decreased overhead allocations by \$0.8 million and spend timing in other categories.

NOTE: An objective of operating statements would be to associate and reflect periodic depreciation expense with the related revenue generation, when calculating the Net Income earned by the NWSA (and subsequently distributed to the homeports). In accordance with the NWSA Charter, capital assets of the homeports existing at the start of the Alliance remain with the homeports. Thus, the depreciation expense for these capital assets, now licensed to the NWSA and relevant toward generating NWSA revenues, is not reflected in the NWSA Statement of Revenue and Expenses. Rather, the depreciation expense is recorded in the respective homeports' financial statements. Capital assets completed by the NWSA since the start of the Alliance and the related depreciation expense, however, are reflected in the NWSA operating statements.

Northwest Seaport Alliance Managing Members Cash Distribution Report March 31, 2021

The cash distributions per Article IV of the Charter are shared 50/50 by each homeport. Homeports will receive 50% of the \$25,360,000 or \$12,680,000 each.

Distribution			YTD
Date*	Fiscal Month/Yr	Amount	Distributions
4/29/21	March 2021	\$25,360,000	\$36,510,000

Note:

^{*}Distribution date is approximate, actual cash transfer date is determined by NWSA Treasurer and is typically one week prior to month-end.

⁻This report is per Article IV cash distributions, reserves and member bond obligations, section 4.1(a)

⁻The PDA through the CEO will make distributions of all Distributable Cash to the Managing Members as soon as practicable after each Calculation Period. Prior to executing any distribution, the CEO shall provide a report of planned distributions to Managing Members."
