

The Port of Seattle continues to review and monitor contractors' jobsite safety plans for active construction projects, an action necessary to protect workers and slow the spread of COVID-19. Projects are evaluated to confirm compliance with Proclamation 20-25 and Governor Inslee's construction safety requirements.

Contract Number	Project Name	COVID-19 Safety Plan Received	Meets or Exceeds Construction Safety Requirements*	Construction Status (Pre-Construction, Active, Closeout, Paused)
MC-0318080	North Satellite Renovation & Expansion	✓	✓	Active
