

POS Aviation Security Advisory

#10062021

October 6, 2021

All Stakeholders:

Please note that the temporary amendment allowing Sterile-Area-Only (Orange) badge holders to utilize Full Employee Screening locations expires in October.

Effective 17 October 2021, Sterile-Area-Only badge holders, that is *all Orange Badge holders*, must use a TSA Screening Checkpoint to access the Sterile Area.

As a reminder, liquids, gels and aerosols in quantities exceeding 3.4oz remain prohibited through TSA checkpoints.

As always comments may be addressed via email to:

askavsec@portseattle.org
