

SEATTLE-TACOMA INTERNATIONAL AIRPORT

SEA

AVIATION OPERATIONS

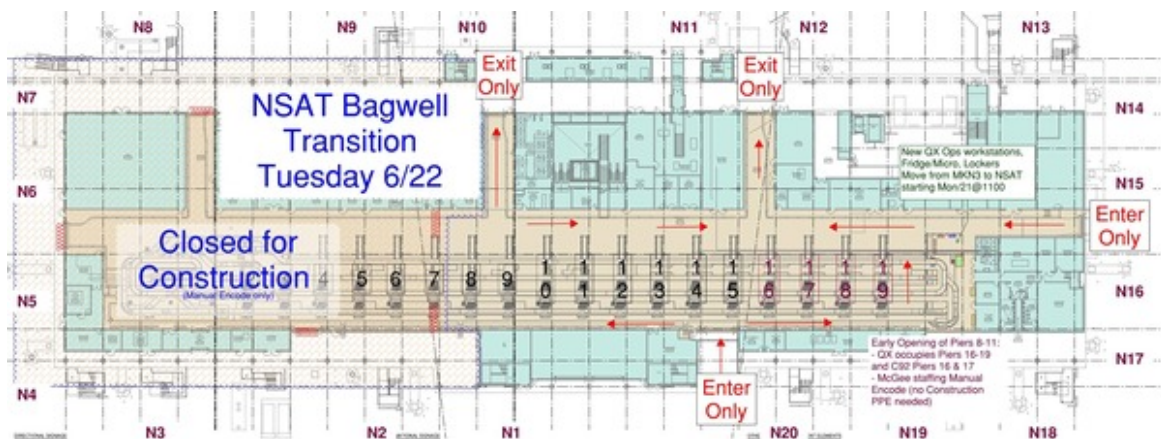

OPERATIONAL CHANGE

JUNE 22, 2021

Please note the following change to North Satellite Bagwell

EFFECTIVE TUESDAY 6/22/21

the North Satellite bagwell traffic flow will change slightly as piers 8-11 become operational. A new exit out of the bagwell under gate N10 will be opened, all other traffic patterns remain the same. Please use caution exiting as construction activities continue in this area. Manual Encode has been operational as of Tuesday June 15th.
