Waxaad wabiga ka sareysaa 45 fiit. Si toos ah kugu aadan, wabiga ka shisheeya, waa bulshada Georgetown. Bulshada South Park iyo buundadeeda ayaa isla markiiba ah qulqulka hoose, halkaasoo biyaha macaan ay ku qulqulaan biyaha badda ee Puget Sound. Waxaa weli ka sii fog, masaafada qiyaastii 5.5 mayl oo waqooyiga, waa Elliott Bay iyo xudunta magaalada Seattle.

Qoyaanka qalooc isu imaado ee Darjiinka Dadweynaha Duwamish River wuxuu tilmaamaa qaansada hore, taasoo ka duwan kanaalka u janjeera dhanka magaalada. Qulqulka sare, dooxada waxay u fuushaa koonfur-galbeed oo illaa 110 mayl. Markay ku soo noqonayso asalka Green-Duwamish Watershed, Wabiga Cagaaran wuxuu ku dhaqaaqaa dhinaca buuraha cagaha Cascade. Biyaha waxay asal ahaan ka yimaadaan Tahoma, magaca Lushootseed ee buurta sidoo kale loo yaqaan Mount Rainer.

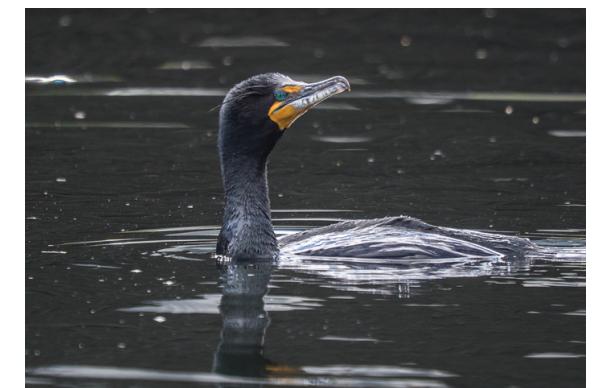

Baaxadahaan cirka iyo biyaha ayaa hoy u ah noocyoo badan oo shimbiro ah, kuwaas oo inta badan lagu garto calaamadahooda, wicitaankooda, deegaankooda iyo hab-dhaqankooda.

Shimbirka dafaha oo qaabka lagu meeleyay xeebta dib loo soo celiyay, iyagoo ka sahaminaya biyaha ugaartooda.
