INFLATION ADJUSTMENTS

All tariff rates, deposits, fees, rentals and charges shall be automatically adjusted each year (beginning in 1999), effective each December 1, to reflect inflation increases which have occurred since the previous rate adjustment as measured by the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W) for Seattle-Tacoma Bremerton (or successor index or reasonable substitute if no successor index is readily identifiable). Inflation adjustments shall be calculated as the average annual percentage change in the index for all reporting periods during the previous 12-month period ending in October. All inflation adjustments shall be rounded to the nearest 25 cents for ease of administration. The Executive Director may waive implementation of all or a portion of the automatic annual inflationary increase in any year for a specific tariff or tariff item, if such increase would result in market imbalance, or would be technologically infeasible or otherwise detrimental to Port interests.

NOTE: Some items are described in prices that are small such that rounding up to the nearest 25 cents is either not possible or feasible on a CPI-W adjustment. Since the intent was to make it easier for the Port administratively to take increases by rounding up, the Port may, at its option, take the actual CPI-W increase on specific items, no matter how small the actual increase is.

INTEREST CHARGES ON DELINQUENT INVOICES

Invoices covering charges in this tariff as issued by the Port of Seattle are due and payable 30 calendar days after the date of invoice.

Any invoice issued for any charge or charges prescribed by this tariff remaining unpaid for a period of thirty (30) calendar days after the date of invoice, is delinquent and shall be subject to a delinquency charge, unless otherwise noted.

A delinquent invoice is subject to an interest charge of one and one-half percent (1-1/2%) per month (18% APR) on the overdue amount, or a \$5.00 flat fee per month, whichever is greater, beginning on the first day such invoice is delinquent and continuing monthly thereafter so long as such invoice remains unpaid.

COLLECTION OF DELINQUENT ACCOUNTS

1. PAYMENT OF COSTS FOR COLLECTION OF DELINQUENT ACCOUNTS

When delinquent accounts are assigned to a third-party collection agency, they will be subject to an additional charge to cover the Port’s cost of collection not exceeding the limit per RCW 19.16.250, as may be amended.

2. ATTORNEY’S FEES IN SUITS FOR COLLECTION

Unless otherwise stated in an agreement, if the Port brings suit for collection of a delinquent account, the prevailing party shall be paid by the other party actual attorney’s fees not to exceed 50% of the amount claimed in such suit.

NON-SUFFICIENT FUND (NSF) CHARGES

A \$40.00 per-transaction fee or the face amount of the check or electronic payment, whichever is less, will be charged and due within 15 days on payments returned by the bank (except for bankruptcy) for non-collection per RCW 62A.3-515.

SERVICE FEE

Rate(s) charged under this tariff and paid by “debit or credit card” may include a service fee for the added transaction processing costs as required by RCW 36.29.190.

64TH REVISION	4

SCHEDULE OF LANDING FEES – SIGNATORY AIRCRAFT

This tariff applies to airlines that have a Signatory Lease and Operating Agreement with the Port of Seattle (“Signatory Airlines”). Landing fees will be levied upon a Signatory Airline based upon the aggregate certificated maximum gross landed weight of all aircraft operated by the Signatory Airline at Sea-Tac Airport. Landing fees are payable upon departure of the aircraft.

\$4.56 per 1,000 pounds of maximum gross landed weight

SCHEDULE OF LANDING FEES – NON-SIGNATORY AIRCRAFT

This tariff applies to airlines, firms or individuals who do not have a Signatory Lease and Operating Agreement with the Port of Seattle (“Non-Signatory Airlines”). Landing fees will be levied upon a Non-Signatory Airline based upon the aggregate certificated maximum gross landed weight of all aircraft operated by the Non-Signatory Airline at Sea-Tac Airport. Landing fees are payable upon departure of the aircraft.

**\$5.70 per 1,000 pounds of maximum gross landed weight,
with a minimum fee of \$15.00 and a minimum invoice amount of \$25.00.**

Maximum gross landed weight shall mean the maximum gross weight which an aircraft may lawfully have at the time of landing at any airport in the United States (under the most favorable conditions which may exist at such airport and without regard to special limiting factors arising out of the particular time, place, or circumstances of the particular landing, such as runway length, air temperature, or the like).

EXCEPTIONS TO THE LANDING FEE TARIFF REQUIREMENT

1. Government (Federal and State) owned and operated aircraft on official business are exempt from payment of landing/parking fees.
2. Airlines, firms or individuals landing at Sea-Tac Airport for international entry or clearance purposes where landings do not include taking or discharging passengers or cargo or commercial activity, are exempt from payment of landing fees.
3. Signatory Airlines are exempt from payment of landing fees on non-revenue landings.

²Use of gates will be scheduled by the Airport Communications Center, which may require aircraft to be moved to another location after scheduled use of gate at aircraft operator's expense and responsibility.

³These charges do not apply under the following circumstances: a) deplaning operations which are subject to the International Facilities Charge; and b) operations of noncommercial aircraft.

⁴This charge will be assessed against companies or individuals who are the owners/operators of aircraft disembarking passengers at the airport. This charge is for each passenger disembarking from an aircraft and using space made available for the inspection and examination of aircraft passengers and property by Customs and Border Protection, U.S. Immigration and Customs Enforcement, the Public Health Service, the Bureau of Entomology and Plant Quarantine, and other governmental agencies (regardless if passenger is terminating in Seattle or continuing to another domestic airport).

⁵Non-signatory carriers are subject to Annual to Actual Settlement. The recalculation of rates and charges are on the basis of actual Capital costs, O&M expenses, airline activity, and other factors affecting the prescribed calculations.

⁶Non-signatory carriers are charged for non-revenue landings. Signatory Airlines are exempt from payment of landing fees on non-revenue landings.

**SCHEDULE OF CHARGES FOR GROUND SERVICE
PROVIDERS AND AIRCRAFT FUELING OPERATORS**

The following applies to all ground service providers and aircraft fueling operators.

FEES:

Annual License Fee - \$1,000.00 per provider/operator

Providers/operators are required to complete an application and present proof of active and acceptable insurance and a letter of tenant/carrier support at time of license purchase.

Annual Equipment Storage Fee – Rate equivalent to that paid by Signatory Airlines for gate ramp space.

Providers/operators must store equipment in an area that is either leased by provider/operator or where provider/operator has permission from another entity that leases such space and has given permission for provider/operator to store the subject equipment in that leased area.

Any provider/operator that does not store equipment in accordance with the above paragraph shall pay the Port for the area the equipment consumes (including any mandated clearances with regard to the equipment) at the same rate as Signatory Airlines for Gate Position Aircraft Parking, as defined on Page 6 of this Tariff No. 1.

Providers/operators may be required to execute an Equipment Storage Area Use Agreement or Land Lease, at the Port’s option, to document the equipment subject to this Equipment Storage Fee.

IMPOUNDMENT CHARGES

Owners/operators of aircraft, ground service and/or aircraft fueling equipment and vehicles impounded for violation of these Rules and Regulations shall be assessed as follows:

An impound fee equivalent to current landing fees prescribed for that type of aircraft, or \$25.00, whichever is greater.

An impound fee of \$100.00 per vehicle/piece of ground service and/or aircraft fueling equipment. Operator is responsible for any applicable towing charges.

A daily storage fee of \$25.00 per vehicle/piece of ground service and/or aircraft fueling equipment.

**SCHEDULE OF PARKING/CARGO OPERATIONS AREA
CHARGES**

Cargo operations areas are those non-exclusive air cargo hardstands as designated by the Manager, Airfield Operations, used to load and unload air freight. They are scheduled on a first-come, first-served basis.

Charges for use of a Cargo Operations Area are in addition to landing fees. Owners/Carriers will be charged a fee, depending on aircraft size, and type of operation, while conducting a loading and/or unloading operation or occupying the cargo operations area. General Aviation operations are restricted to the designated General Aviation area only. Cargo operations area fees are as follows:

General Aviation

Aircraft Size (wing span in meters)	First 12 Hours	Each Additional 12 Hours	Aircraft Model Category (most typical models listed)
0 m – 20.00 m	\$ 15.00	\$ 6.00	Light Aircraft (general aviation)
20.01 m – over	\$100.00	\$500.00	Larger Private Business Jets

Cargo Use Fee

Aircraft Size (wing span in meters)	4 Hours	Each Additional 12 Hours	Aircraft Model Category (most typical models listed)
20.01 m – 43.00 m	\$100.00	See Remain Over Night Fee	Narrow Body (e.g., DC-9, MD-80, B-727, B-737, B-757, A-320)
43.01 m – over	\$175.00	See Remain Over Night Fee	Wide Body (e.g., DC-10, MD-11, B-747, B-767, A-300, A-310, AN-124)

Use of cargo operations hardstands will be scheduled by the Airport Duty Manager of Airport Operations or his/her designee for each operation. Airport Operations personnel may restrict cargo hardstands to actual loading and unloading operations. In such cases, aircraft shall be moved to another location at the aircraft owner's expense and responsibility as requested by Airport Operations.

Ground Transportation rates are calculated each year by dividing budgeted operating and capital costs associated with each operator type by the forecasted trips for that operator type. GT operators on annual permits have their calculated per trip fees converted to annual permit prices.

The Ground Transportation industry is undergoing significant changes. As a result of the volatility in the industry, costs associated to each GT operator category and the volume of trips by operator category may change significantly year-over-year.

The cost recovery methodology relies on estimates which are based on the best available data when the tariff rates are developed. Due to the volatility in the industry, actual results may vary from the estimates used when the tariff rates were developed.

The Port may revise the GT tariff rates during the year, if projected levels of GT activity are expected to vary significantly (higher or lower) from actual results. The Port will provide at least thirty (30) days advance written notice of any adjustments to be made mid-year to the GT tariff rates.

The Port may prorate Pre-Arranged Limousine permits in the following instances:

1. When an operator’s UBI (Unified Business Identifier) license expiration date is changed so that its Port-issued permit is valid for less than twelve (12) months after issuance
2. When an operator adds a vehicle to its fleet so that its Port-issued permit is valid for less than twelve (12) months after issuance
3. In other circumstances deemed reasonable by Port staff

The permits will be prorated based on the number of months remaining in the permit year. Credits issued will be eligible for use towards the purchase of the following year’s permit, and are shown in the following schedule:

Newspaper vending machine impoundment fee: \$50.00 per machine, together with accruing charges of \$5.00 per day on and after the seventh (7th) day of impoundment, up to a maximum of thirty (30) days. The impoundment fee must be paid before the newspaper vendor or other responsible person may claim the newsrack.

SCHEDULE OF UNIFIED PEST MANAGEMENT CHARGES

In those tenant areas where the applicable lease agreement does not allocate responsibility for pest control to the tenant, there is no separate charge for pest management services. In those areas where the applicable lease agreement allocates responsibility for pest control to the tenant, the tenant must obtain pest control services under the Port’s Unified Pest Management (UPM) Program upon payment of the following UPM rates:

	Per Square Foot Per Year
Dry Area Concessions and Non-Concession Tenants	\$0.69
Wet Area Concessions	\$1.72

The charge will be calculated by multiplying the appropriate rate (“wet area” vs. “dry area”) by the square footage as set forth in the lease agreement. Where the square footage of a leased space (unit) is not clearly defined or unavailable, the area will be determined by the most recent CAD drawings of a given unit. **“Dry area” locations** are those that do not prepare food and/or beverage products for sale or service to the public. **“Wet area” concessions** are those tenants involved in food and/or beverage preparation, service, or sale to the public.

q) Transportation Security Administration (TSA) Fines

Any TSA fines and/or penalties assessed against the Port for noncompliance with the ASP and/or Part 1500, Title 49 Code of Federal Regulations and arising from the actions of any entity leasing, occupying or using space (including all tenants, subtenants, permittees, service providers, invitees and/or operators) anywhere in the Airport, will be passed through to the entity, tenant, subtenant, lessee, permittee, service provider, individual and/or operator named as the source of the violation of the TSA fine, but only after the Port exhausts its administrative remedies under the TSA appeal process.

r) Other Security Violations

1) Seattle-Tacoma International Airport Rules and Regulations No. 5 SECTION 8: SECURITY, P. GENERAL SECURITY VIOLATION PENALTIES, 8.

Security Violation Matrix will be used as a guideline to determine fines for security violations. Either the Aviation Security Appeal Board (ASAB) or the Airport Security Coordinator (ASC) may make exceptions to the matrix based on the nature of each specific security violation, the timing of its occurrence, and any extenuating information received from investigations. All fines imposed are in addition to any other right (s) or corrective actions (s) available to the Port.

2) If a violator does not commit a violation within two (2) years of a previous violation, a subsequent violation will be treated as a first violation.

3) If a monetary fine/penalty is not paid within fourteen (14) calendar days, the violator's access to all restricted and/or secured areas will be revoked.

B. APPEAL PROCESS

An appeal process is available to those who receive Violation Notices. This process allows the individual an opportunity to reveal any extenuating circumstances which may influence the assessment of penalties associated with the violation. Individuals cited by the Port for violations of the Rules and Regulations, the ASP, or Title 49, Code of Federal Regulations (CFR), Part 1500 will be granted fourteen (14) calendar days from the dated violation notice within which to file an appeal in writing before penalties are assessed. The Airport Security Appeals Board (consisting of agencies representing security) is the reviewing body for all such appeals. If no appeal is received, final penalties will be assessed based upon the offense cited.
