Subject: [EXTERNAL] Noise Remedy Program

You don't often get email from msteinross@gmail.com. [Learn why this is important](#)

WARNING: External email. Links or attachments may be unsafe.

I'm writing to express how much a replacement program is needed for those residents within the sound zone of the airport. My house had the port package installed, but for years there have been mold problems, broken seals, and broken mechanisms on many of the windows in the house. I urge those with power in this arena to represent the people and work to remedy the problems my neighbors and I are facing. Thank you.
