**PORT OF SEATTLE ELECTRICAL MAINTENANCE AGREEMENT
BETWEEN THE
PORT OF SEATTLE
AND
INTERNATIONAL BROTHERHOOD OF ELECTRICAL WORKERS
LOCAL UNION NO. 46**

Effective June 1, 2023 through May 31, 2026

These articles constitute a maintenance agreement, the terms of which have been negotiated in good faith between the Port of Seattle and the International Brotherhood of Electrical Workers (IBEW) Local 46. This agreement shall be subject to approval by the Commissioners of the Port of Seattle.

The Port of Seattle maintenance divisions covered by this agreement provide maintenance, additions, alterations, repair, renovation on Port owned facilities. The Port of Seattle as owner and operator of Seattle-Tacoma International Airport, and numerous Seaport properties in the geographic area between the Duwamish waterway to Shilshole Bay Marina, is responsible for continuous safe operation of a great variety of facilities with numerous complex electrical systems seldom encountered in a construction environment, which are essential to commerce, health and safety of people who travel through and reside in King County Washington. This agreement reflects the mutual intent of the parties to facilitate the performance of maintenance electrical work in a critical operations environment, which contributes to this effort.

Employees working under this agreement perform electrical maintenance work, as traditionally performed by Port maintenance electricians on Port owned premises, including additions, alterations, repair and renovation as directed or assigned to Port maintenance electricians by the Port.

ARTICLE 1: PURPOSE

The purpose of this Agreement is to promote the continued improvement of the relationship between the Port and its employees through their Union. The articles of this Agreement set forth the wages, hours, and working conditions for the bargaining unit employees.

ARTICLE 2: NON-DISCRIMINATION

The Port and the Union will not tolerate discrimination against any persons on the grounds of age, race, color, national origin/ancestry, ethnicity, religion, disability, Family Medical Leave Act, (FMLA) use, pregnancy, sex/gender, sexual orientation, whistleblower status, military affiliation, marital status, worker's compensation use, transgender status, political beliefs, or any other protected status as guaranteed by local, state, and federal laws.

The Port and the Union are committed to promoting equity, diversity and inclusion in the workplace. The Port refers to equity as the fair treatment, access, opportunities, and advancement for all people while striving to identify and eliminate barriers that have prevented the full participation of historically oppressed communities.

ARTICLE 3: UNION RECOGNITION AND MEMBERSHIP

- 3.1 **Recognition** – The Port recognizes the Union as the exclusive bargaining representative of all employees whose job classifications are in the work units listed in this agreement.
- 3.2 **Membership Rights** – All employees working in the bargaining unit shall have the right to become a union member upon hire. When possible, the Port will strive to refer questions from employees about union membership directly to the union.
- 3.3 **Notice** – The Port shall advise the Union of the names and addresses of new Port employees covered by this Agreement within seven (7) calendar days following the date of employment.
- 3.4 **Automatic Payroll Deduction** - Upon receipt of written authorization individually signed by the employee, the Port will deduct from the pay of such employee the amount of dues and initiation fees as certified by the Union. The Port shall transmit such fees to the Union once each month on behalf of the members involved.
- 3.5 **Dues Deduction Cancellation** – An employee may cancel their payroll deduction of dues and fees by written notice to the Union and to the Employer. The Port will make every effort to end the automatic dues deduction effective on the first pay period but no later than the second pay period after receipt of the written cancellation notice.
- 3.6 **Indemnification** - The Union will indemnify and hold the Port harmless against any claims made and against any suit instituted against the Port on account of any check-off of dues and initiation fees for the Union. The Union agrees to refund to the Port any amounts paid to it in error upon presentation of proper evidence thereof.
- 3.7 **Hiring Procedure** – The Port of Seattle is a public employer subject to the requirements of Chapter 53.18 RCW and Chapter 41.56 RCW regarding employment relations, collective bargaining, and ability to hire personnel. In accordance with Chapter 53.18.060 the parties agree that this labor agreement does not restrict the right of the Port of Seattle in its discretion to secure its regular or steady employees from the local community, according to the Port's internal hiring procedures. All new employees hired in this manner are subject to the terms and conditions of this Agreement.

ARTICLE 4: MANAGEMENT RIGHTS

- 4.1 **General** - The Union recognizes the prerogatives of the Port to operate and manage its affairs in all respects in accordance with its responsibilities and powers of authority, subject to the terms and conditions of this Agreement.
- 4.2 **Rights Enumerated** – Unless modified by this Agreement, the Port shall have the right to determine staffing levels and work locations; determine any given employee's job classification consistent with this Agreement; recruit, examine, hire, appoint, promote, demote, train, transfer, assign, layoff, and discipline and discharge seniority employees for just cause; direct and assign the work; develop and modify classification specifications consistent with this Agreement; allocate positions to those classifications; allocate employees to those positions; determine work

shifts and work schedules; schedule and assign overtime work; establish the methods, means and processes and personnel by which work is performed; establish rules; secure its seniority and limited duration employees from the local community, specify certain employees as seniority employees, subcontract work as allowed by this agreement, allow tenants and leaseholders doing business with the Port to do the work covered by this agreement on their leased premises only, and the right to take whatever actions are necessary in emergencies in order to assure the proper functioning of the work unit. Limited duration employees may be terminated without just cause and without recourse to the grievance procedure regarding termination.

Due to the unique nature of the operations of the Port of Seattle, the demands for skilled electricians are highly variable in specific skills and equipment, numbers of crew and required response time. The parties have negotiated in good faith on the subject of subcontracting, with the interest of IBEW being maintaining job security and the interest of the Port of Seattle being the ability to adapt to the ever-changing maintenance requirements of the complex systems maintained by the Port of Seattle as well as public statutes and policies regarding purchasing of goods and services as a public entity. To this end the parties have recognized the difficulty of adopting specific language limiting the right of the Port of Seattle to subcontract, if the need arises, work traditionally performed by employees covered by this agreement. Although, if the Port subcontracts, then the employees working under this agreement shall not be laid off, transferred, or suffer loss of regular work hours due to subcontracting as allowed in this Agreement.

The probationary period may be extended by management due to an absence of longer than two (2) weeks, but only with agreement of the Union. If an absence occurs and the probationary time period is extended, the employee only has to successfully complete the remaining time left before attaining Seniority status. Probationary employees are at-will, meaning their employment can be terminated without a showing of cause. Probationary employees do not accrue seniority. A probationary employee is eligible to take PTO, Sick, and other approved leave time after six (6) months of service.

Seniority Employee – A seniority employee is an employee employed by the Port of Seattle who has successfully completed their probationary period. 6.3 Changes to Shift - Changes to work schedules will require one (1) week notice to affected employees. If the employer does not meet notification requirements, the employee will be paid at the higher shift rate until the notification requirement is met.

6.4 Changes to Workweek Schedule – Changes to workweek schedule will require a minimum of seven (7) days' notice. If the transition to the new workweek schedule provides less than two consecutive days off, the employee shall be paid time and one-half for the first day of their new workweek and double time for the second day of their new workweek.

- 6.5 Optional Four-Ten (4x10) Work Schedule at the Maritime Division** – In the Maritime Division the Port, with the agreement of the employee, may schedule workweeks, which consist of four (4) consecutive work days of ten (10) consecutive hours each, exclusive of the meal period and not to exceed forty (40) hours per workweek. An established four-ten (4x10) work schedule will provide for three (3) days off which will be consecutive days, with at least one (1) day being a Saturday or Sunday, except when transitioning between a 4x10 and 5x8 schedule. The employee may opt out of a four-ten (4x10) schedule with two (2) weeks notice to the employer.

Management at the Maritime Division may schedule five-eight (5x8) and four-ten (4x10) work schedules with different shift start times on the same shift at its discretion. LDE's may request a four-ten (4x10) schedule for approval by management but only after all other Seniority employees on their same shift have been granted a four-ten (4x10) schedule, if requested.

- 6.6 Airport** – At the Airport, at the request of the employee and agreement of management, the Port may schedule a four-ten (4x10) workweek within the employee's previously bid five-eight (5x8) workweek schedule. This four-ten (4x10) schedule will consist of four (4) consecutive work days of ten (10) consecutive hours each, exclusive of the meal period and not to exceed forty (40) hours per workweek. An established four-ten (4x10) schedule will provide for three (3) consecutive days off, with at least one (1) day being a Saturday or Sunday, except when transitioning between a four-ten (4x10) and five-eight (5x8) schedule. The employee may opt out of a four-ten (4x10) schedule after six months of working the requested schedule with two weeks' notice to the employer and thereafter return to their previously bid five-eight (5x8) schedule. Employees working a regular shift that includes a weekend day will need to include their regularly scheduled weekend day in their four-ten (4x10) schedule. An employee may request a four-ten (4x10) schedule that includes both weekend days under the same conditions. Returning to a five-eight (5x8) bid schedule within less than six months may occur with mutual agreement between management and the employee. Management reserves the right to return an employee to the employees regular five-eight (5x8) bid shift as per 6.3 above.

Management at the Aviation Division may schedule five-eight (5x8) and four-ten (4x10) work schedules with different shift start times within the limits of 6.2 above, on the same shift, at its discretion.

Establishment of any four-ten (4x10) schedule shall not impact the schedules of employees who wish to stay on their five-eight (5x8) schedule that they previously bid. Employees who wish to work a four-ten (4x10) schedule will submit their request through the chain of command to management. Every effort will be made to respond to requests timely and, when approved, facilitate timely and smooth transitions to the four-ten (4x10) shift. LDE's may request a four-ten (4x10) schedule for approval by management but only after all other Seniority employees on their same shift have been granted a four-ten (4x10) schedule if requested.

When employees on a ten (10) hour shift are required to work more than one (1) hour of overtime, exclusive of any unpaid meal period, the employee shall be allowed a paid thirty (30) minute meal period prior to or during the overtime period. Employees required to work continuous overtime beyond their regular work shift shall be provided paid meal periods. During work of a continuous nature, successive meal breaks must occur every five (5) hours from the end of the preceding meal period. Paid meal periods shall be scheduled by the Employer.
- 7.2 **Scheduled overtime work** – Scheduled overtime shall be defined as overtime with at least twenty-four (24) hours of advance notice to the employee before the overtime will begin, except when an employee is notified of a shift extension request prior to leaving work. Scheduled overtime work will be offered to seniority employees prior to all other employees on the same shift except in those instances where seniority employees are not readily available. Readily available is defined as the employee not being on a leave status and is present at work or at home when called at the time the overtime work is being scheduled and is in the division in which the overtime will be worked. When limited duration employees are used as part of a crew involved in a specific work task, they will be allowed to work the overtime that is involved with that specific work task. Probationary employees are eligible for the overtime rotation assignments after six months of service and shall be inserted in the seniority rotation list based on their seniority date. A minimum shift for scheduled overtime shall be four (4) hours, unless the scheduled overtime is immediately before or after a regularly scheduled daily shift. When employees report for management approved scheduled overtime and are told not to start work, the employee shall receive four (4) hours of applicable overtime pay.
- 7.3 **Shift Extension** – A shift extension shall be defined as one of the following:
- (a) where an employee is provided at least twenty-four (24) hours of notice before an early start time or notified prior to the end of their current shift to report early for their next shift; or
 - (b) where an employee is notified prior to the end of their current shift to stay late on that shift.
- 7.4 **Overtime Rates of Pay**

7.4.1 Time and One-half Overtime (1½) Rates - During the regular five-eight (5x8) work week the first two (2) hours of scheduled overtime worked shall be at one and one half (1½) times the regular shift rate.

7.4.2 Double Time Overtime Rates – All other overtime beyond the hours specified in Section 7.4.1 and on the fifth (5th), sixth (6th), or seventh (7th) day of a 4x10 schedule or the sixth (6th) or seventh (7th) day of a 5x8 schedule shall be paid at double (2x) the shift rate. For the 4x10 shift employee, all hours worked beyond their normal shift end time shall be paid at double (2x) the employee's regular shift rate of pay.

7.5 Unscheduled emergency overtime work – In the event of unscheduled emergency overtime work, i.e. work management is not aware of in advance, management may offer overtime to whomever is most available. However, when possible, management will make a good faith attempt to offer this overtime to seniority employees, who are in the same division in which the overtime will be worked, prior to limited duration employees.

7.6 Overtime Authorization – All overtime will be authorized in advance by the manager/designee in writing, except in emergencies.

7.7 Callout – A “callout” will be defined as overtime where less than twenty-four (24) hours of notice is provided to the employee, prior to the start of the work being requested. This applies when an employee has ended their normal shift and has left the premises, not to a Shift Extension. A minimum of four (4) hours at the employee's double time (2x) shift rate will be paid for each callout. Employees, who are still on the jobsite working during the four (4) hour call-out period, may be required to take other emergency calls, if the call occurs during the four (4) hour call-out period. Where such overtime exceeds four (4) hours, the actual hours worked will be paid at the employee's double time (2x) shift rate.

7.8 Off-Duty Time – The Port and the Union recommend at least eight (8) hours of off-duty time for any employee who moves to a different shift or who works overtime before or after a shift. However, at the option of the employee, the employee may take PTO, LWOP, or work their regularly scheduled daily shift after working overtime before or after their shift. Due to safety concerns, the Port may require employees to take off-duty time.

7.9 Phone and Computer Consultation Pay – With approval or direction from an Electrical Supervisor, to call, email, or text an employee outside of their shift to seek technical advice or support, the employee giving the advice over the phone shall be compensated at the double (2x) time rate in one-half (.5) hour intervals per phone call. Phone consultations to employees outside their regular shift in regards to scheduling or other non-technical support shall not result in any compensation. Multiple calls within a thirty (30) minute interval shall not be compensated as separate calls.

ARTICLE 8: HOLIDAYS

8.1 Designated Holidays - The following eleven (11) days shall be observed and recognized as paid holidays for employees: New Year's Day, Martin Luther King Jr. Day, President's Day,

- 8.2 Pay for Time Worked on Holidays** – Employees who perform work on any of the above holidays shall be paid the actual time worked at double the employee’s regular shift rate.
- 8.3 Other Holiday Observance Considerations** - Whenever any of the above holidays fall on an employee’s normal day off, either the last scheduled workday of the employee’s previous workweek or the first scheduled workday of the following week shall be observed as the holiday and paid for accordingly. In such an instance, the Port shall decide whether the last preceding workday or the first workday of the following week is to be observed.
- 8.4 Holiday Pay Rate and Qualifications** - Each employee shall receive eight (8) hours or ten (10) hours (if working a 4x10 workweek) holiday pay at their hourly shift rate of pay for the holidays designated in 8.1 above, provided:
- 8.4.2** Employees who are absent due to an industrial injury and who receive Washington State Workers' Compensation for the date of the holiday shall be compensated with supplemental holiday pay, provided the total daily or weekly amount of benefits received does not exceed their daily or weekly base wage rate.
- 8.4.3 Eligibility for Holiday Pay** - In order to be eligible for holiday pay, an employee must be on Port payroll for the thirty (30) consecutive days preceding the holiday.
- 8.5 Holidays and Paid Time Off** - If a holiday falls within the PTO period of an employee, the employee shall be paid as set forth above provided the employee works the last scheduled workday prior to and the first scheduled workday following the employee's PTO period unless otherwise excused by management.

Holidays and PTO shall be administered separately and neither holiday nor PTO time shall be forfeited in the event that holidays and PTO are scheduled during the same period.

Sick leave will be used as provided by law. For absences exceeding three (3) days, management may require verification that an employee's use of paid sick leave is for an authorized purpose.

- 9.3 Paid Family Leave.** The Port shall comply with the requirements of the Washington Paid Family and Medical Leave Act and shall have full discretion on meeting those requirements (e.g. Voluntary Plan), which shall not be subject to the grievance procedure or to any other provision of this Agreement or to negotiation by the Union. However, the Port agrees, that for the term of this agreement, the Port shall make contributions to the chosen plan (i.e. State, Approved Voluntary) on the employee's behalf. Port Paid Family and Medical Leave (PPFML) shall be paid according to the calculations and maximums set forth under the program outlined in Port policy. If the employee is eligible for shift differential at the time of absence, they will also be paid shift differential on the hours eligible for PPFML benefit payment for an approved leave. This applies only to shift differential and not any other differentials or additional pay the employees are eligible for at the time they are absent from work for an approved leave.

9.4 Payment for Accrued Leave at Termination

Upon termination or retirement immediately following five consecutive years of active employment with the Port of Seattle, an eligible employee shall be compensated for 50% of their Sick Leave accrued balance at the employee's hourly rate of pay in effect at termination or retirement.

(b) Paid Time Off:

Upon termination, an employee who has successfully completed their first six (6) months of continuous Port of Seattle employment will receive one hundred percent (100%) of their accrued Paid Time Off balance at the employee's hourly rate at termination. Employees who have not been terminated for cause have the option of receiving their Paid Time Off hours:

(a) as a lump sum (all rights to insurance benefits, pension benefits and leave accruals during the period in which the PTO leave would have been used as service time are waived)

- (b) as service time after their last day worked (this includes healthcare benefits, continuation of PTO and Sick Leave accruals, and service credit time)
- (c) as a combination of cash and service time.

NOTE: PTO cannot be used as service time in the year following the employees last Port of Seattle workday.

An employee who terminates active employment before satisfactorily completing six months of continuous service shall receive no Paid Time Off pay.

An employee who is terminated for cause shall receive a lump sum payment for 100% of their Paid Time Off accrued balance at the hourly rate of pay in effect at termination. The employee is not eligible to use Paid Time Off as service time after the last day worked unless authorization is received from Human Resources and Development Management.

Emergency hire employees at Marine Maintenance who work a minimum of thirty (30) days shall be compensated for 100% of their Paid Time Off accrued balance at the employee's hourly rate of pay at termination. Compensation shall be made in a lump sum payment.

- 9.5 Leave Without Pay (LWOP)** – When an employee requests leave without pay in conjunction with any other leave, the requests should be combined so the employee's manager may assess the consequences of the entire period of time off being requested. Requests for LWOP may not be approved unless it will occur after all appropriate paid leave accruals are exhausted. When the absence is for personal reasons, all paid time off must be exhausted. If illness is involved, all extended illness, long-term sick leave, and paid time off leave must be exhausted.

Suspensions or unpaid time for disciplinary reasons may result in LWOP while there are payable leave balances. If LWOP is requested in conjunction with paid time off, compensation may be arranged to be paid over the entire period off at a reduced amount or schedule. This arrangement requires advance notice and a Request for Personnel Action form to advise Accounting of the change in schedule.

9.6 General Leaves Without Pay

Approval of a leave under the conditions and limits stated in this section assumes the employee's right to reinstatement without loss of seniority in the same position and pay held before the leave. However, if a reduction in force should occur during a period of leave, the returning employee would be subject to the action which would have taken place if the employee had remained at work.

A department director within the conditions and limits indicated may authorize the following types of leave:

9.6.1 Personal Leave Without Pay:

A request for time off the job without pay for non-military or non-medical reasons will be considered a request for personal leave without pay. Approval of personal leave is not automatic. Port management considers leaves extending beyond an employee's accrued vacation as a special consideration to be granted only after careful evaluation. A request for personal leave without pay should be made only when an employee intends to return to work for the Port following such leave. Each request for personal leave will be considered on its own merits, and the factors to be considered by the department director shall include:

(a) The purpose and length of the requested leave; (b) The employee's length of service; (c) The effects of such an extended absence on the operational efficiency of the department; (d) The contribution of the employee to the organization.

A personal leave without pay in which there is mutual benefit for the Port and the employee would receive greater priority, for example, than a request for time off to travel. After such an evaluation, a manager who is willing to accept the employee upon return may authorize up to a six-week LWOP to a regular employee whose performance and attendance is satisfactory.

9.7 Supplemental Pay During Workers Compensation Time Loss Periods - An employee may use extended illness leave during approved workers compensation time-loss periods. Extended illness supplements will be paid in amounts sufficient to bring the total pay up to the normal bi-weekly rate. When extended illness leave is exhausted, paid time off leave may be paid in the same proportion as described for extended illness leave to bring total pay up to the normal bi-weekly rate.

9.8 Disability Case Management - To comply with the law and as provided by the Disability Case Management Procedure HR-6, the Port of Seattle will provide all employees with reasonable accommodation and return-to-work assistance as determined on a case-by-case basis. Appropriate Port of Seattle personnel will work with the employee to comply with any and all legal requirements and insurance policies. Such legal requirements and insurance policies may include the Americans with Disabilities Act (ADA), the Family and Medical Leave Act (FMLA), the Family Care Act (FCA), workers compensation and long term disability insurance.

ARTICLE 10: LEAVE OF ABSENCE

10.1 General - The Port shall comply with the Family Medical Leave Act and State Family Care Act. These benefits shall be available to domestic partners of employees as well as those persons required by these statutes. For purposes of this Article, domestic partnership shall mean a heterosexual or same sex couple as defined by Port of Seattle.

10.2 Failure to Return to Work - Failure to return to work from an approved Medical or Family leave of absence by the expiration date of the leave of absence may be cause for termination of employment.

10.3 Bereavement Leave - Any employee who suffers a death in the employee's immediate family shall be allowed three (3) days paid leave compensated at the employee's regular shift rate as a result of the employee's absence. The employee may be allowed up to two (2) days of additional paid leave in consideration of distance to the funeral or the extent of the employee's involvement

with arrangements for the deceased. Immediate family shall be defined as wife, husband, daughter, son, mother, father, sister, brother, mother-in-law, father-in-law, grandparents, grandchildren, stepmother, stepfather, sister-in-law, brother-in-law, daughter-in-law, and son-in-law, aunts, uncles, domestic partner and their respective relatives listed above.

- 10.4 Jury Duty** – An eligible employee who serves on jury duty shall receive full regular compensation less any compensation (excluding mileage and meals paid by the court) received for such service during the period of leave. Employees shall forward their jury duty compensation paid by the court to the Port’s payroll section upon return from jury duty and receipt of the compensation paid by the court.

Employees on swing and or graveyard shall receive jury duty pay (in lieu of working) for their shift immediately preceding the start of jury duty. If the employee’s next scheduled Port of Seattle work shift starts less than 12 hours after the end of jury duty, and there is not jury duty schedule for the next day (e.g., on a weekend or at the completion of jury duty; the employee shall receive jury duty pay (in lieu of working) for the number of hours required to provide the employee with a 12-hour break. For example, if jury duty ends at 4:00 p.m. and the employee’s work shift begins at 10:00 p.m, the employee may receive jury duty pay in lieu of working from 10:00 p.m. to 4:00 a.m.

- 10.5 Shared Leave** – An employee may donate any amount of paid time off or extended illness leave at a 100% rate, or hour-for hour to another employee (or employee’s child, spouse, domestic partner or parent) suffering from an extraordinary or severe illness, injury, impairment, or physical or mental condition which has caused, or is likely to cause, the employee to take leave without pay or terminate their employment. Administration of the shared leave program will be determined by the Port.

- 10.6 Military Leave** – With appropriate military orders, employees called for active training duty in military reserve units shall be allowed up to 21 working days per Federal fiscal year (October through September) of paid military leave as provided in and limited by RCW 38.40.060.

Employees called for active duty beyond the 21 working days will be placed on Paid Leave of Absence/Military status. This status will provide supplemental pay and a continuation of benefits to keep the employee “whole” in cases their military pay and benefits are less than what the Port provides. An example is the guidelines requested of the Port Commission for activations following September 11, 2001. In all cases, the Uniformed Services Employment and Reemployment Rights Act (USERRA) provides the minimum definition of benefits guaranteed to employees called for active duty.

- 10.7 Other Leave Entitlements** – The Port shall provide other leave as may be provided by law, such as under the Washington State Pregnancy Disability Leave Act, the Washington Family Care Act, the Washington State Military Family Leave Act, and the Washington State Domestic Violence Leave Act. The Port shall comply with all legal requirements to continue health insurance benefits during eligible statutory leave.

10.8 Subpoenaed Witness Leave – When an eligible employee is subpoenaed as a witness under circumstances which are determined by Human Resources to constitute Port duty, the same pay and conditions listed for jury duty shall apply.

10.9 Maintenance of Benefits - For employees with less than five years of service with the Port, their insurance benefits will be maintained for at least the first 30 days of medical LWOP (after FMLA leave is exhausted). If the employee cannot return to work within the next 15 days, they will be responsible for paying the premiums for the benefits they wish to retain while on LWOP as of the 31st day of LWOP (after FMLA leave is exhausted).

For employees with more than five years of service with the Port immediately preceding the disability, their medical and life insurance benefits will be maintained for the first six months of medical LWOP (after FMLA leave is exhausted). The employee will have the option to pay for dental and dependent medical insurance during this time. After six months, the employee will be responsible for paying all the premiums for the benefits they wish to retain.

10.10 Medical Leave Without Pay Covering Periods of Disability - A disability period is the time an employee is unable to perform the duties of their position due to illness, injury or disability, as determined and certified by a licensed physician in writing to the Port. For the purposes of this procedure, the normal definition of illness includes, but is not limited to disabilities related to pregnancy or childbirth, conditions related to alcoholism, drug addiction, and psychological disorders. When time off the job without pay is requested in excess of the certified period of disability, it is handled in the same manner as any other request for personal Leave Without Pay. For example, an absence for maternity reasons is a combination of medical leave and a personal leave when a female employee is authorized time off beyond the period of disability following childbirth. This is intended to be consistent with the Washington State Maternity Regulation, WAC 16230020 and also with the USEEOC Employment Policies Relating to Pregnancy and Childbirth, 29 CFF 1694.10.

Under this section, medical leaves which are required to cover certified periods of disability may be granted to regular, post-probationary employees suffering from either job-related or non-job-related disabilities for up to six months. When disability conditions continue into the fifth month since the first day of unpaid leave, the department director and Human Resources and Development Management shall make a determination concerning appropriate action. Medical leaves in excess of six months are covered under Special Leave Without Pay Considerations.

10.11 Unpaid Leave of Absence Exceeding Maximum Time Period - Personal unpaid leave in excess of six weeks and medical leave in excess of six months shall be granted only upon the recommendation of the employee's manager and with the approval of Human Resources and Development Management. The decision of Human Resources and Development Management shall be based upon the special circumstances of the case, such as doctor's recommendations when considering medical leave/particularly in the case of job-related illness or injury, the length of approved leave shall be carefully considered in the light of the doctor's recommendations. Refer to the Disability Case Management Procedure HR-6 for more details. Employment longevity, the employee's performance record, and the mutual benefit to the Port and the

employee shall receive appropriate consideration when reviewing personal leave without pay requests.

- 10.12 Paid Parental Leave** – The Port shall continue to provide Paid Parental Leave to members of this bargaining unit. Eligibility, participation, and terms of the paid Parental Leave shall be as provided to non-represented employees as outlined in Port Policy HR-5. The Port may change or modify its Paid Parental Leave policy and/or procedure. If the Port desires a change/modification, the Port agrees to provide the Union with advance notice of any change. The same benefit shall be extended to this bargaining unit as provided to other bargaining units and non-represented employees, as may be changed, at the discretion of the Port.

MEMORANDUM OF UNDERSTANDING
BETWEEN IBEW LOCAL 46 AND PORT OF SEATTLE
AV/M OVERTIME DISTRIBUTION PROCESS FOR ALL SHIFTS

The Port will endeavor to equalize overtime in the AV/M Electric Shop. The AV/M Electric Shop will keep a list of the amount of overtime hours for individuals within each Shift. The “Maximo Overtime Hours Report” will be used weekly to update the Overtime List and will be posted by a Electrician General Supervisor /Supervisor and with Shop Stewards’ awareness.

Overtime will be offered first to the person with the least amount of overtime hours first within the affected Shift. If that person declines, then the person with the next least amount of overtime hours within the affected shift will be offered the Overtime. This will continue until someone on the affected shift accepts the Overtime. **If no one within that shift is available for the overtime**, the opportunity will be made available to the person with the least amount of overtime within the Electric Shop, regardless of what shift that person works.

The following procedure shall be used:

- Calls shall be sequenced based on the individual's position within the overtime list.
- Calls shall proceed from the individual with the lowest amount of overtime hours awarded to the highest. Until the shift(s) are filled
- Individuals being called to fill a shift will receive one telephone call, to a designated telephone number. It is the individual's responsibility to designate the telephone number for such calls, and ensure the correct number is on the telephone call list.
- As Overtime is accepted, the employee’s hour bank will be updated to reflect the Overtime that employee worked. In the case that the employee is unable to work the overtime they accepted, that time will be deducted the following Tuesday.
- After an individual works OT, their name shall be placed below others with equal OT hours on the Overtime List, excluding the Reset.

All overtime will be offered off the list first. If Leadership (Manager, Electrician General Supervisor, and/or Electrical Supervisor) deems the OT requires a special skill, a person with special skills will be offered OT **in addition** to the person off the list. **Examples of special skills** are welding, cable splicing, or extensive experience with a specific system or piece of equipment.

The overtime list will be reset every Feb. 1st. The order of the list will not change with the reset of hours. The list will reflect that everyone will have zero (0) overtime hours.

When a Probationary Employee becomes a Seniority Employee and has been assigned to a permanent shift, a Electrician General Supervisor/Electrical Supervisor will average the number of hours on their shift and assign them to the new Seniority Employee (total hours of that shifts overtime hours worked divided by number of employees on shift).

When a Seniority Employee changes a shift permanently, their Overtime hours will follow them. If the employee is on a shift temporarily (more than 2 weeks) they will use this process. When a Seniority Employee moves to the temporary shift, their hours will follow them. When they move back to their permanent shift, their hour bank will follow.

The Electrician General Supervisor / Electrical Supervisor assigning the overtime will keep a running list of hours for each individual accepting the overtime, which the shop stewards may review. The list will be updated on **Wednesday** before the OT is assigned. These hours will count towards the overall hours in the overtime distribution and tracked/updated on the current overtime sheet.

Disputes regarding the application and results of this procedure shall be referred to the Business Partnership Committee for resolution. The BP Committee can resolve disputes regarding this MOU at more frequent intervals than waiting for their regularly scheduled BP meetings.

Refinements and modifications may be made by mutual agreement between the parties (i.e. Labor Relations, shop stewards, and Union Reps.) during the term of this Agreement.
