**Intended Impact** 

**Partnership Structure** 

**Values** 

**Strategic Priorities** 

**Reduce Noise Impacts** 

Goal

Issues

# **Legislative Priorities**

- State legislation regarding pollution
- Environmental justice legislation
- · Federal legislation making the repair and replace program eligible for federal funding
- Night Noise
- Go-Arounds
- Sound Insulation Programs
- Repair and Replace Program
- Part 150 Study
- **FAA Noise Policy Review**

#### **Shared Action**

- Incentivize additional noise reduction
- Request presentation from FAA on rules for go-arounds - can spacing issues be eliminated?
- Understand the SAMP
- Understand feasibility and impact of expanding hours of quiet skies
- Prepare response for FAA DNL update
- How best to measure impact?
- **Understand port sound insulation** packages, pilot program, and other options for the future
- FAA on-line portal

**Tactical** 

Strategic

# **Strategic Priorities** Charge **Values** Foundational **Intended Impact Environmental Justice Partnership Structure** Goal

#### Issues

## **Legislative Priorities**

- Pursue additional incentives and investments to encourage SAF production and use
- Access state agency information regarding health impacts including studies and future legislation

### **Shared Action**

- More reporting on air quality and fine particulates
- Study example of cruise ship pollution and how it was addressed
- Understand impacts and pursue solutions to mitigate pollution
- Near-SEA public school air quality improvements
- Information Hub

- Sustainable Air Fuel
- Ultrafine Particulates
- Health impacts

# 2025 – 2026 Priority Framework

Partnership Structure

Goal

Strategic Priorities

Airport Growth and Capacity

#### Issues

# **Legislative Priorities**

## **Shared Action**

- High speed rail
- Ensure CAWG completes its work in a timely and effective manner
- Sustainable Airport Master Plan
- Second airport study
- Economic development

- Broader discussion on capacity to understand how it all works together
- Is it possible to have measurable impact of noise reduction and increased flights?
- Understand the SAMP
- Request more information from FAA on airport capacity
- Paine Field Master Plan
