

Future Procurement Opportunity Summary - Consulting

4/30/2026

Procurement Title	Description	Department	Category	Estimate	Project Mgr	Port Contact	Port Contact Email	Advertisement Date
Maritime Sustainable Fuels Landscape Assessment, Roadmap & Workforce Impact IDIQ	The Port is seeking a consultant to provide technical expertise to advance sustainable maritime fuels and related vessel technologies in the Seattle-Tacoma region. Work will include assessing alternative fuel options, identifying regional barriers and opportunities, supporting strategy and roadmap development, evaluating workforce and economic impacts, and coordinating with Port partners and ongoing regional efforts. This Scope of Work includes projects funded through a federal EPA Clean Ports Planning grant. A complementary scope of work is described in Solicitation 00322734, Maritime Clean Energy, Fuels & Technologies IDIQ.	Maritime Environmental Services	Consulting Services	\$300K - \$500K	Fujimoto, David	Dome, Crystal	Dome.C@portseattle.org	5/1/2026
Roofing Design Services IDIQ	The service agreements resulting from this request will allow the Port of Seattle ("Port") to respond to a range of needs, including, but not limited to, roof inspections, roof surveys, and design for roof repair, replacement, or solar panel installation at Port properties. The proposed consulting contracts will allow the Port to respond to future service needs efficiently and cost effectively. The Port anticipates procuring (2) contracts at a value of up to \$3M each.	Waterfront Project Management	Consulting Services	\$2.5M - \$3M	Fritz, Cassie	Kravcenko, Victor	Kravcenko.V@portseattle.org	5/8/2026
Marine Stormwater Utility Services IDIQ	The Port of Seattle (Port) is seeking Consultant support to help fulfill Utility asset management and NPDES regulatory obligations, including Port adherence to current and future local, state and federal regulations. Areas of support include asset evaluation, repair, and rehabilitation; NPDES regulatory compliance; and research into regulatory, resilience, and stormwater treatment trends.	Maritime Environmental Services	Consulting Services	\$3M - \$3.5M	Dewell, Jane	Wilson, Josephine	Wilson.Josephine@portseattle.org	2Q 2026
Construction Safety Services IDIQ	The Port of Seattle (Port) has implemented a Construction Safety Program to manage the unique challenges in completing construction activities without impact to Port operations while maintaining excellent construction site safety. In addition, recent court decisions have increased the requirements for owners to assure that construction is done in a safe manner. The increased level of activity with the changing safety liability environment makes it incumbent on the Port to have a pro-active Construction Safety Program to monitor and enhance construction site safety.	Construction Management	Consulting Services	\$3M - \$5M	Davidson, Ann	Hassard, Carol	Hassard.C@portseattle.org	2Q 2026
Benefit Account Services	The Port of Seattle (Port)'s Benefit Accounts (FSA, HSA, and LSA) program is part of the Total Rewards Package that supports our employees in multiple ways. They provide a financial avenue to help employees build a pre-tax spending account, in addition to a mechanism to provide benefits to our employees in a flexible manner. These programs, as part of the Total Rewards Package, contribute to retention and attraction of employees whose talents are essential to fulfilling the Port's mission which in turn addresses the Port's Century Agenda goal of being a highly effective public agency by supporting engagement and the effectiveness of Port employees.	Human Resources	Consulting Services	\$1M - \$1.5M	Spellmeyer, Sandra	Kim, Amelia	Kim.A3@portseattle.org	2Q 2026
South King and Port Communities Fund (SKPCF) Capacity Building Track Consultant	Administer, implement and co-design a program to provide capacity building and mentorship for community-based organizations with the goals to: •Increase knowledge about jobs and careers in Port-related industries •Gain connections with industry experts or employers in Port-related industries •Increase skills on how to apply for RFPs with Port of Seattle	Equity, Diversity, & Inclusion	Consulting Services	\$250K - \$300K	Vue, Cathy	Chu, Nicole	Chu.N@portseattle.org	2Q 2026
Survey and Mapping Services IDIQ	The Port of Seattle ("Port") invites the submittal of written proposals from qualified firms, or teams of firms in providing Survey and Mapping Services. Surveys performed at the Port of Seattle's (Port's) Airport facilities or properties shall be based on the Seattle-Tacoma International Airport (STIA) Grid System as established by the Civil Aeronautics Administration or the North American Datum of 1983 (NAD83) as directed. Surveys performed at the Port's Seaport facilities or properties shall be in the North American Datum of 1983 (NAD83) or Seattle Tidelands as directed. Vertical control shall be based on the National Geodetic Vertical Datum of 1929 (NGVD 29), STIA Vertical Datum, Mean Lower Low Water (MLLW) or North American Vertical Datum of 1988 (NAVD88) as directed. Exceptions to use another datum may only be approved, in writing, by the Port Manager of Survey and Mapping. All work consisting of the Practice of Land Surveying performed under contract to the Port shall be in compliance to all standards listed in this document and in accordance with current rules, regulations and guidelines concerning the Practice of Land Surveying as outlined in The Washington Administrative Code (WAC) and The Revised Code of Washington (RCW). Operating under the supervision of the Port Manager of Survey and Mapping Services, or designee, the consultant shall work in the field and office to perform on site surveying and mapping support services.
