

Committee Report

For the 9/22/2026 Commission Meeting

Sustainability, Environment, and Climate (SEAC) Committee

- Commissioners Calkins and Felleman convened the SEAC Committee on September 15.
- The committee received an update on Phase 1 of the SEF T91 project, including the status of the overall project.
- The committee also received a briefing on the Port's Green Marine certification.

Public Art Board

- Commissioners Mohamed and Felleman joined Port staff and public members of the Port's Public Art Board for a committee meeting on September 15.
- The committee discussed ongoing public art projects and the art team's capacity to oversee the maintenance of existing artwork and the development of new projects at both the seaport and airport.
- Members also discussed revising the board's internal governance guidelines and filling the ninth vacant position on the board.
- The board agreed to elect a new member by proxy vote via email before its next scheduled quarterly meeting. All board members may submit nominations for the vacant position by October 1.
